Re: Equipment Authorization Under Part 87 – Request for Confidentiality  
**WRT-701X Windshear Weather Radar Receiver/Transmitter**  
FCC ID: AJK6225132-001

Gentlemen:

In accordance with the provisions of FCC Parts 0.459 and 0.457(d)(2), Rockwell Collins, Inc. hereby requests that Exhibits E (Schematic Diagrams) and J (Tune Up Procedures/Parts Lists) for Equipment Certification of the WRT-701X Windshear Weather Radar Receiver/Transmitter be withheld from public inspection. This application was electronically filed on June 21, 2005 and the FCC ID is: AJK6225132-001.

Exhibits E and J contain information concerning signal processing methods and also methods used for the alignment and adjustment of tolerances of spectrum for the equipment. The information is confidential and is customarily guarded from competitors. If a competitor were to obtain this information, it could use the information to reverse engineer the WRT-701X. As a result, the Commission should protect this information from public disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. § 552(b)(4)) because disclosing the information could reasonably be expected to cause substantial competitive harm to Rockwell Collins, Inc.

Please note that contents of Exhibits E and J are separated into several electronic files in order to upload the information on the OET Laboratory Electronic Filing Site.

Your early consideration of the Application is respectfully requested. Please direct all inquiries to Mr. John Gift of this office at 703.516.8213.

Respectfully submitted,

Linda C. Sadler
