RE: FCC Class II Permissive change for FCC ID: QDS-BRCM1076  
(Original Grant date: 07/25/2013)  
Applicant: Broadcom Corporation

Dear Examiner,

This is to request a Class II permissive change for FCC ID: QDS-BRCM1076. There are no hardware or electrical modifications to the applicable modular transmitter.

The major change filed under this application is:

Change #1: Adding a portable platform Lenovo Regulatory Model Number: Lenovo YOGA 3 Pro-1370

The host has the same antenna type as originally approved with lower gains. RF output power has been reduced from the original filing to comply with the modular SAR requirement and radiated emission requirement.

Installation and operating requirements, detailing the restrictions, separation distances and antenna requirement for the modular conditions covered by the equipment authorization, are documented in the instructions provided to OEM integrators.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Daniel Lawless', written over a horizontal line.
