In re:

Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, Kyocera Corporation hereby requests confidentiality of User Terminal (Card Type) Technical Specification, Schematics, Block Diagrams, Parts List, Antenna Specification, and Theory of Operation for the subject application.

These documents contain detailed system and equipment description and related information about the product that Kyocera Corporation considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Kyocera Corporation considers that this information would be of benefit to its competitors, and that disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely

Kazuhiko Shiratori
Manager
