Re: **Class II Permissive Change for Transmitter with FCC ID: ABZ99FT5000**

Motorola Inc at 8000 West Sunrise Blvd, Ft. Lauderdale, Florida 33322 is requesting a Class II Permissive Change to the above certified transmitter with FCC ID: ABZ99FT5000.

We are adding two new accessories, which is a battery shell that holds 12 AA batteries with Part Number NNTN5332A and a body worn belt clip with part number NTN8266B. After retesting for RF Exposure with the new accessories, the highest reported SAR values to the Head increased from 1.2W/kg to 1.92 W/kg.

All other data on file with the FCC continues to be compliant.

Contact me at (954) 723-5793 if you require any additional information.

Sincerely,  
*/s/ Mike Ramnath (signed)*
