

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and Board
View 1****EUT Housing and Board
View 2**

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) assembly, labeled 'Solder Board-Component View 1'. The board is positioned on a blue textured surface. A black ruler with white markings is placed horizontally below the board, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The PCB features a large, dark, rectangular component at the top, likely a display or sensor. Below this, there are several smaller components, including a green integrated circuit (IC) labeled 'E349902', 'ML-1A94V-0', and '2021.10.24'. The board is connected to a black cable or ribbon cable. The label 'LCD1' is visible on the right side of the board.
Solder Board-Component View 2	 A photograph of the same green printed circuit board (PCB) assembly, labeled 'Solder Board-Component View 2'. The board is positioned on a blue textured surface. A black ruler with white markings is placed horizontally below the board, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The PCB features a large, dark, rectangular component at the top, likely a display or sensor. Below this, there are several smaller components, including a green integrated circuit (IC) labeled 'E349902', 'ML-1A94V-0', and '2021.10.24'. The board is connected to a black cable or ribbon cable. The label 'LCD1' is visible on the right side of the board.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) with various electronic components, including a microcontroller, capacitors, and connectors. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows dimensions from 0 to 100 mm on both the horizontal and vertical axes.
Antenna View	 A photograph of the same green PCB, showing the antenna structure. A red rectangular box highlights the antenna area, and a red line points from a label to this box. The label reads "433.925MHz Antenna". The board is placed on a blue textured surface next to a black ruler with white markings in millimeters, showing dimensions from 0 to 100 mm.
