

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	
EUT Housing and Board View 2	

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled TR328B 210527, mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component features various electronic components, including a microcontroller, resistors, and a small antenna.
Solder Board-Component View 2	 A photograph of the same green PCB component, labeled TR328B 210527, mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component features various electronic components, including a microcontroller, resistors, and a small antenna.

Solder Board-Component View 3	 A photograph showing a green printed circuit board (PCB) with various electronic components. The components are labeled with identifiers: K18, K15, K12, K9, K6, K4, K5, K2, K8, K11, K10, K13, K16, K17, and K14. The board is placed on a blue background with a black ruler for scale. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). A silver-colored component, possibly a spring or a small coil, is visible on the right side of the board.
Solder Board-Component View 4	 A photograph showing the same green printed circuit board (PCB) as in View 3, but from a different angle. The components are labeled with identifiers: K18, K15, K12, K9, K6, K4, K5, K2, K8, K11, K10, K13, K16, K17, and K14. The board is placed on a blue background with a black ruler for scale. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). A silver-colored component, possibly a spring or a small coil, is visible on the right side of the board.

Antenna View
