Product ID: T9-AT9-001

Unboxing

After unboxing, please check the contents of the package. The package includes the following items:

- 1 x T9 AT9, T9/AT9 Earbuds
- 1 x Charging Case
- 1 x USB-C Charging Cable
- 1 x User Manual

Please ensure all items are present and in good condition before returning the package to the retailer.

Pairing Mode

To enter pairing mode, press and hold the touch sensor on the earbud for 5 seconds. The LED light will flash red and blue, indicating that the earbud is in pairing mode. Then, go to the Bluetooth settings on your device and select the earbud from the list of available devices.

Charging Mode

To enter charging mode, place the earbuds in the charging case. The LED light on the case will flash green, indicating that the earbuds are charging. The case has a USB-C charging port on the bottom.

Operation Mode

The earbuds support various touch gestures for controlling playback and volume. Refer to the user manual for a detailed list of touch gestures and their functions.

Precautions

- Do not use the earbuds in wet or damp environments, such as the shower or bath, to avoid water damage.
- Do not use the earbuds near open flames or heat sources, as they may catch fire or melt.
- Do not use the earbuds near strong magnetic fields, as they may interfere with the earbuds' operation.
- Do not use the earbuds near medical equipment, as they may interfere with the equipment's operation.
- Do not use the earbuds near children, as they may swallow the earbuds or the charging case.
- Do not use the earbuds near pets, as they may chew on the earbuds or the charging case.
- Do not use the earbuds near vehicles, as they may interfere with the vehicles' operation.
- Do not use the earbuds near aircraft, as they may interfere with the aircraft's operation.
- Do not use the earbuds near power lines, as they may interfere with the power lines' operation.
- Do not use the earbuds near high-voltage electrical equipment, as they may interfere with the equipment's operation.

Thank you for purchasing this product. Please read the user manual and keep it for future reference. If you need any assistance, please contact our support team with your product model number and purchase information.

FAQ

Q: How do I charge the earbuds?
A: Place the earbuds in the charging case and connect the case to a power source using the USB-C charging cable.

Q: How do I reset the earbuds?
A: Press and hold the touch sensor on the earbud for 10 seconds. The LED light will flash red and blue, indicating that the earbuds are in reset mode.

Q: How do I update the earbuds' firmware?
A: Connect the earbuds to a smartphone and use the ACEFAST app to update the firmware.

Q: How do I troubleshoot the earbuds?
A: Check the battery level, ensure the earbuds are in pairing mode, and restart the earbuds. If the problem persists, contact our support team.
