Caution! Please do not mix with other vehicles.

SUPPORT

Trouble Shooting

Problem - Vehicle does not move or moves slowly.

- Has the rechargeable internal battery been fully charged?
- Make certain there are fresh alkaline batteries in the transmitter and that they have been installed in the correct position.
- Are the (+) and (-) markings on the alkaline batteries in the same position as the (+) and (-) markings in the Transmitter Battery Compartment?
- Make certain that the vehicle ON/OFF switch is in the "ON" position.

Problem - Vehicle moves by itself or exhibits reduced range from the transmitter.

- Make certain there is no amateur radio interference in your area. The best way to test this is to take the vehicle as far away from radio towers, electrical lines or tall buildings, as possible to ensure no further radio interference will occur.
