FCC INFORMATION (U.S.A.)

1. IMPORTANT NOTICE: DO NOT MODIFY THIS UNIT!

This product when installed as indicated in the instructions contained in this manual, meets FCC requirements. Modifications not expressly approved by Yamaha may void your authority, granted by the FCC, to use the product.

2. IMPORTANT: When connecting this product to accessories and/or another product use only high quality shielded cables. Cable's supplied with this product MUST be used. Follow all installation instructions.

Do not use any instructions could void your FCC authorization to use this product in the USA.

3. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

If these corrective measures do not provide satisfactory results, please contact the local retailer authorized to distribute this product of if you cannot locate the appropriate retailer, please contact Yamaha Corporation of America, 6600 Grand Central Avenue, Encinitas, CA 92024, U.S.A.

The above statements apply ONLY to those products distributed by Yamaha Corporation of America or its subsidiaries.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

COMPLIANCE INFORMATION STATEMENT (Supplier's declaration of conformity procedure)

Responsible Party: Yamaha Corporation of America

Address: 6600 Grandcentral Ave. Buena Park CA92620

Telephone: 714-522-9011

Type of Equipment: Truly Wireless Earphones

Model Name: TW-E3B

This device complies with Part 15 of FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC NOTICE (U.S.A.)

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End user must follow the specific operating instructions for satisfying RF exposure requirements. This transmission is not to be used in conjunction with any other antenna or transmitter. The portable device is designed to meet the requirements for exposure to radio waves established by the Federal Communications Commission (FCC). These requirements set a SAR limit of 1.6 W/kg averaged over one gram of tissue. The highest SAR value reported under this standard during product certification for this device was 0.012 W/kg for the earphones or headphones at high volume in a public place. Sound from the device can be heard at the earphones or headphones may be a nuisance to people around you.

This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

IC NOTICE (Canada)

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

 - This device may not cause interference.
 - This device must accept any interference, including interference that may cause undesired operation of the device.

This equipment complies with SED radiation exposure limits set forth for an uncontrolled environment. This equipment could be installed and operated with minimum distance 10 cm between the radiator and your body. End user must follow the specific operating instructions for satisfying RF exposure requirements. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

The following SAR values were obtained for this device when used as a radio wave transmitter. The highest SAR value reported under this standard during product certification for this device was 0.012 W/kg for the earphones or headphones at high volume in a public place. Sound from the device can be heard at the earphones or headphones may be a nuisance to people around you.

TW-E3B, TW-E3B R (for right earphone), TW-E3B L (for left earphone)
FCC ID: 2AKM4B1WE3B
IC: 12522A-E3B

WARNING

This content indicates "risk of serious injury or death."

Handling

- Do not listen with the earphones or headphones while driving or cycling. Also avoid using them when hearing must not be impaired, like at a railroad crossing and a site of construction. Reduced ability to hear surrounding sound may increase the risk of an accident.

If you notice any abnormality

- If any of the following abnormalities occur, stop using the device immediately.
 - An unusual smell, unusual sound or smoke is emitted from the unit.
 - Foreign material or water gets into the interior of the unit.
 - The device is hot to the touch, or you feel applications requiring high reliability, such as managing files, health care or high-value assets.

After reading this manual, be sure to keep it in a safe place to which it can be referenced at any time.

Be sure to request inspections or repairs from the dealer where you purchased the product.

- Yamaha cannot be held responsible for injury to you or damage of the products caused by improper use or modifications to the unit.
- Yamaha is not responsible for any damage to your applications requiring high reliability, such as managing files, health care or high-value assets.

CAUTION

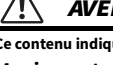

This content indicates "risk of injury."

Hearing loss

- Do not use the unit for a long period of time at a high or uncomfortable volume level. Otherwise, hearing loss may result. Do not exceed 40 hours/week at 80 dB(A) or 5 hours/week at 89 dB(A).
- If you experience any problems, consult a physician.
- Minimize the volume from the device to be connected before connecting the plug. Failing to do so may result in hearing loss or discomfort.

Handling

- Keep small parts out of the reach of infants. Your children may accidentally swallow them.
- Do not pull on the included USB power cable while it is connected. Pulling on a connected cable may cause damage.
- Do not use the earphones with the earpads detached or broken. Otherwise, injuries or inflammation may result.
- In case the earphones irritate your skin, stop use immediately. Continued use may worsen injuries or inflammation.
- Securely attach the earpads and the ear sleeves to the earphones. If the earpads are positioned for compliance could void the user's authority to operate this equipment.

AVERTISSEMENT

Ce contenu indique « un risque de blessures graves ou de mort ».

Maniement

- N'utilisez pas les casques ou les écouteurs lorsque vous roulez en voiture ou en vélo. Évitez également de vous en servir dans des lieux où la perception auditive ne doit absolument pas être entravée, comme par exemple à un passage à niveau ou sur un chantier de construction. Une capacité de perception réduite en présence d'ambients augmente les risques d'accident.

En cas d'anomalie

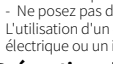

- En présence d'une des anomalies suivantes, cessez immédiatement d'utiliser l'unité.
 - Une odeur inhabituelle, un son inhabituel ou de la fumée émane de l'unité.
 - Un corps étranger ou de l'eau a pénétré à l'intérieur de l'unité.
 - Unité chaude, très chaude ou surchauffée. Risque de brûlures ou de blessures
 - Unité est fissurée ou endommagée.
 - Unité est tombée.
- Les brûlures dans cet état pourraient causer un choc électrique, un incendie ou des dysfonctionnements. Faites immédiatement inspecter ou réparer l'unité par le revendeur autorisé pour vous l'avez achetée ou par un technicien Yamaha qualifié.

Charge

- Veillez à utiliser le câble d'alimentation USB fourni. Le non-respect de cette précaution pourrait causer un incendie, des brûlures ou des dysfonctionnements.
- Le câble du boîtier de charge, branche le au port USB d'un adaptateur USB disponible dans le commerce (5 VCC/0,5 A min.). Une connexion incorrecte peut causer un incendie, des brûlures ou des dysfonctionnements. Pour des détails sur la charge de l'unité, consultez le guide de l'utilisateur.
- Lorsque vous chargez ce produit, branchez la prise de l'adaptateur secteur USB (disponible dans le commerce) utilisé à une prise de courant à port de terre et d'une alimentation à 100 V.
- Ceci afin de pouvoir débarrasser facilement le câble de cas de besoin. Même lorsque ce produit est hors tension, il reste alimenté par l'adaptateur tant que ce dernier est branché à une prise de courant.
- Veillez à respecter la plage de température prescrite pour la charge. Charger l'unité hors de la plage de température prescrite pourrait causer une fuite, une surchauffe, une explosion ou un endommagement.
- Ne laissez pas l'unité avec le boîtier de charge les casques. L'utilisation d'un chargeur autre que le boîtier de charge fourni pourrait causer une fuite, une surchauffe, une cassure ou un endommagement.
- N'utilisez pas le câble d'alimentation USB fourni pour alimenter d'autres appareils. Le non-respect de cette précaution pourrait causer un incendie, des brûlures ou des dysfonctionnements.
- N'exposez pas l'unité avec des couvertures, des vêtements, etc. durant l'utilisation ou la charge. Cela pourrait causer une surchauffe et un incendie.
- Ne chargez jamais l'unité quand elle est mouillée. Cela pourrait provoquer un court-circuit et causer des blessures, des incendies ou des dysfonctionnements.
- Veillez à ne jamais endommager le câble d'alimentation USB fourni.
- Ne le placez pas à proximité d'un appareil de chauffage.
- Ne le pliez pas excessivement et ne le modifiez pas.
- Né l'éraillez pas.
- Ne posez pas d'objet lourd dessus.
- L'utilisation d'un câble d'alimentation autre le fil est à ne peut causer un choc électrique ou un incendie.

Précautions liées à la batterie

- Exposer une batterie à des températures extrêmement élevées peut causer une explosion ou une fuite de liquide ou de gaz inflammables.
- Exposer une batterie à une pression atmosphérique extrêmement basse peut causer une explosion ou une fuite de liquide ou de gaz inflammables.

ATTENTION

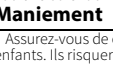

Ce contenu indique « un risque de blessures ».

Perte de capacités auditives

- N'utilisez pas l'unité pendant une période prolongée et à un volume trop élevé ou inconfortable pour l'oreille. Vous risquez d'endommager votre ouïe ou de façon permanente.
- N'exposez pas les oreilles à un son continu ou à des sons forts pendant plus de 40 heures à 89 dB (A). Si vous remarquez tout problème lié à votre ouïe, consultez un médecin.
- Ne laissez pas diminuer le volume des dispositifs à connecter avant de brancher sa casque. Le non-respect de ces précautions peut provoquer une perte d'audie auditive ou endommager l'audition.

Maniement

- Assurez-vous de conserver les pellets composants hors de portée des jeunes enfants. Si le réservoir est de l'avis excessivement, comme à proximité d'un appareil de chauffage, ni dans des endroits exposés à des températures extrêmement basses, particulièrement poussiéreux ou soumis à de fortes vibrations, il est recommandé de ne pas l'utiliser.
- Ne laissez pas les casques trop longtemps exposés à des températures élevées. Cela pourrait causer des blessures ou des irritations.
- Si le port des casques vous fait le peau, cessez immédiatement de les utiliser. Une utilisation prolongée risque alors d'aggraver les blessures ou irritations.
- Faites fermement les embouts et les manchons sur les casques. Si les embouts ou les manchons se détachent des casques et vous bouchent l'oreille, cela pourrait causer des blessures ou des maladies.

Handling

- Keep small parts out of the reach of infants. Your children may accidentally swallow them.
- Do not pull on the included USB power cable while it is connected. Pulling on a connected cable may cause damage.
- Do not use the earphones with the earpads detached or broken. Otherwise, injuries or inflammation may result.
- In case the earphones irritate your skin, stop use immediately. Continued use may worsen injuries or inflammation.
- Securely attach the earpads and the ear sleeves to the earphones. If the earpads are positioned for compliance could void the user's authority to operate this equipment.

CAUTION

This content indicates "risk of injury."

Hearing loss

- Do not use the unit for a long period of time at a high or uncomfortable volume level. Otherwise, hearing loss may result. Do not exceed 40 hours/week at 80 dB(A) or 5 hours/week at 89 dB(A).
- If you experience any problems, consult a physician.
- Minimize the volume from the device to be connected before connecting the plug. Failing to do so may result in hearing loss or discomfort.
