Applicant's declaration concerning RF Radiation Exposure

We hereby indicate that the product
 CAN controlled GSM phone Q24X6 with Handset HA88,
 is considered to be a mobile transceiver.

The external antennas used for this mobile transmitter must provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

A safety statement concerning minimum separation distances from enclosure of the CAN controlled GSM phone Q24X6 with Handset HA88 will be integrated in the user's manual to provide end-users with transmitter operating conditions for satisfying RF exposure compliance.

The appropriate information can be drawn from the test report no. G0M20405-8696-P-2224 and the accompanying calculations.
