To whom it may concern,

When we originally submitted the application for FCC ID: DBDZLYNKATMAX0 we did not request that any of the documents be held confidential. The grant for this product was issued 11/21/17.

Since that time we have changed our mind and would like to pull some of the files from the public domain and hold them confidential.

We hereby respectfully request that under the provision of 47 CFR 0.459 and 0.457(d) the documents listed below be provided with confidential status.

- Schematics.pdf (2)
- Antenna info.pdf

Any exhibit / information for which we have requested confidentiality, but which may not be accorded such treatment by the FCC, should be returned to us.

The documents listed above contain trade secrets that are treated as confidential by us. Substantial competitive harm to us could result should they be made available to the public.

Sincerely,

Name Robert Podhrasky
