

FCC ID: TG3-SOLEP1195

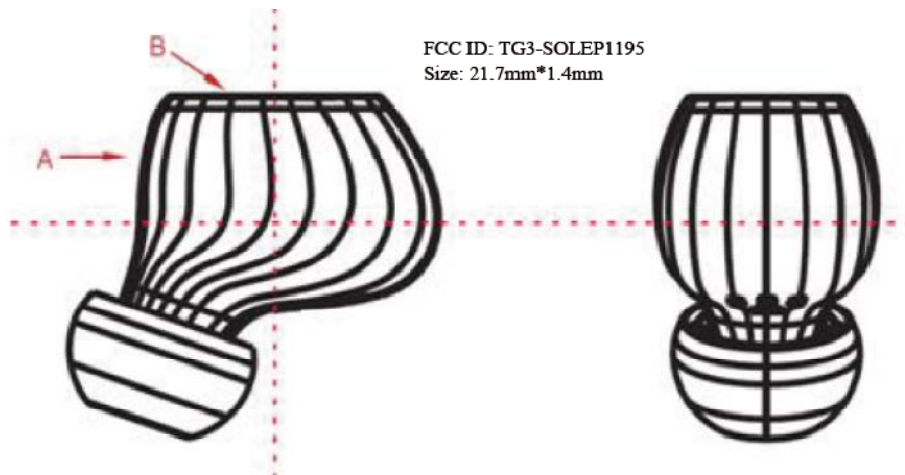

FCC ID Placement FKA, Mark Straight

FCC ID placement

FKA here by submits justification for placing the FCC ID in the Associated User Manual. According to the FCC Regulation and Guidance (*KDB Publication 784748 D01 v09r01*) allows for the FCC ID to be moved to the User's manual if the device is unquestionably too small for the FCC ID to be printed.

Referring to the above quote, as the earbuds are too small for the FCC ID to be printed, the FCC ID will be moved to the last page of the user's manual and Power Bank. The details are as below:

- A. Side surface: The curvature ribbon shape of the silicone sleeve back cover (A) is not possible to print, due to it is visibly acceptable result as the top surface of each rib is 0.4mm to 1.2mm in width.
- B. Printing onto the top cover (B): The gold plated SOL REPUBLIC Logo of the top cover does not provide enough physical space to fit the printing of the FCC ID according to below reference picture.

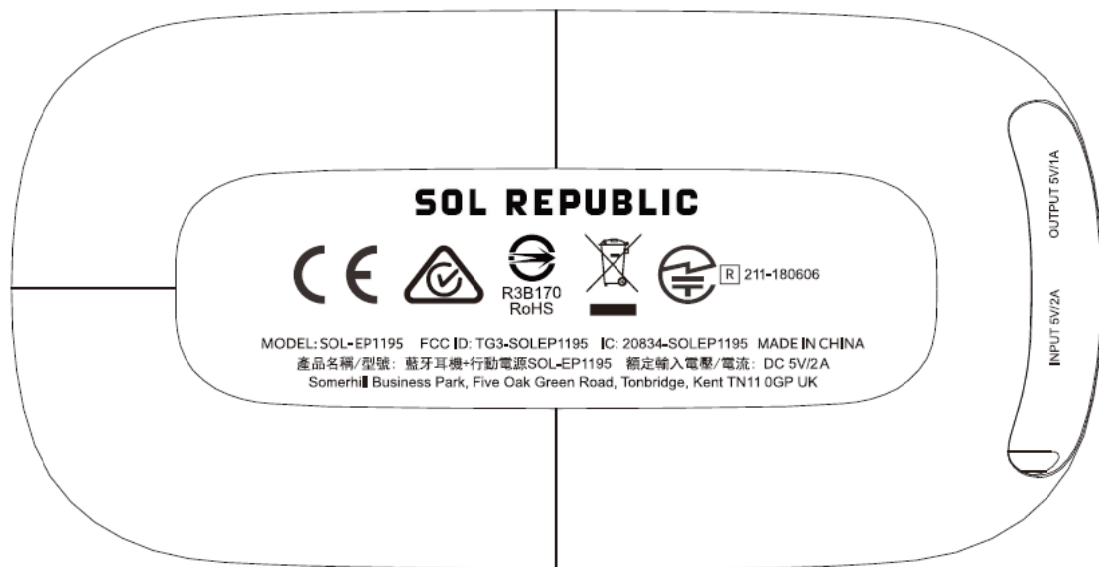

FCC ID: TG3-SOLEP1195

FCC ID Placement FKA, Mark Straight

Conclusion: Based on the above description of area A to B, we conclude that the device is unquestionably too small for enabling the FCC ID to be printed onto any surface. We therefore request to have the FCC ID moved to the last page of User manual and power bank.

Best regards
