一、Appearance of size

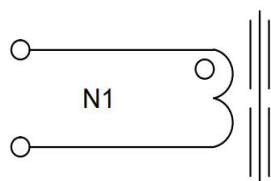

Unit: mm

Note: 1. Magnetic sheet ferrite hard magnet, with Nickel zinc in the center; 2.: coil alpha double layer * 2;
3. Coil pin color from top to bottom: red, blue, natural color, green; 4. Nickel zinc plus black film;

六、 Winding Structure Diagram

appearance	1. The product shall be provided with a certificate of conformity and a waterproof and washable label, and the model and specification shall be indicated.
	2. The product appearance is clean and free of dirt.
packing	1. The packing box shall be marked with the model, quantity, delivery date, name of the manufacturer and delivery inspection seal of the product:
	2. After the goods are delivered to the customer, the sealing strip of the packing box shall be intact, and the box shall be free of damage, cracking and other phenomena:
	3 after unpacking, the packing materials in the box shall be free of damage. The products shall be packed in layers. If there is less than one box, padding shall be added.
