How to use the product

-

Precautions

- FCC Warning

authority to operate the equipment.

NOTE: This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is device.
- Consult the dealer or an experienced radio/TV technician for help.

After-sales Services

In order to solve the problem faster for you, please prepare the following information: the issue of charger, phone model, the type of adapter and phone case you are using, and if possible you can attach a picture or video of the problem. Thank you.

Made in China

FCC
