

Difference Declaration

Date: December 30, 2020

We, ZHUHAI LITECH TECHNOLOGY CO., LTD declare that the difference among UB1, UB2, UB3, UB4 and UB5 is as follow:

All models are with same BT module and with same hardware. The difference is that the control panels are different due to the control types are different.

UB1 is a dimming type controller

UB2 is a color temperature type controller

UB3 is a RGB type controller

UB4 is a RGBW type controller

UB5 is a RGBWY type controller

Sincerely

ZHUHAI LITECH TECHNOLOGY CO., LTD
