Package Contents

- 2022 Keyboard
- Carrying Pouch (leather)
- KeyCap Flipper
- Quick Start Guide
- Bluetooth Setup Guide
- USB Type-C to USB Cable

Warning: Battery Safety Information
 1. Do not use the battery with any liquid, water, or other conductive material. Do not use the battery with any flammable or explosive material.
 2. Do not use the battery with any open flame, heat, or other source of fire.
 3. Do not use the battery with any high voltage or high current source.
 4. Do not use the battery with any high temperature or high pressure source.
 5. Do not use the battery with any high speed or high acceleration source.
 6. Do not use the battery with any high frequency or high power source.
 7. Do not use the battery with any high magnetic field or high electromagnetic interference source.
 8. Do not use the battery with any high radiation or high ionizing source.
 9. Do not use the battery with any high vibration or high shock source.
 10. Do not use the battery with any high pressure or high impact source.

Warning: Information on the Battery
 1. Do not use the battery with any liquid, water, or other conductive material. Do not use the battery with any flammable or explosive material.
 2. Do not use the battery with any open flame, heat, or other source of fire.
 3. Do not use the battery with any high voltage or high current source.
 4. Do not use the battery with any high temperature or high pressure source.
 5. Do not use the battery with any high speed or high acceleration source.
 6. Do not use the battery with any high frequency or high power source.
 7. Do not use the battery with any high magnetic field or high electromagnetic interference source.
 8. Do not use the battery with any high radiation or high ionizing source.
 9. Do not use the battery with any high vibration or high shock source.
 10. Do not use the battery with any high pressure or high impact source.

Warning: Information on the Battery
 1. Do not use the battery with any liquid, water, or other conductive material. Do not use the battery with any flammable or explosive material.
 2. Do not use the battery with any open flame, heat, or other source of fire.
 3. Do not use the battery with any high voltage or high current source.
 4. Do not use the battery with any high temperature or high pressure source.
 5. Do not use the battery with any high speed or high acceleration source.
 6. Do not use the battery with any high frequency or high power source.
 7. Do not use the battery with any high magnetic field or high electromagnetic interference source.
 8. Do not use the battery with any high radiation or high ionizing source.
 9. Do not use the battery with any high vibration or high shock source.
 10. Do not use the battery with any high pressure or high impact source.

Warning: Information on the Battery
 1. Do not use the battery with any liquid, water, or other conductive material. Do not use the battery with any flammable or explosive material.
 2. Do not use the battery with any open flame, heat, or other source of fire.
 3. Do not use the battery with any high voltage or high current source.
 4. Do not use the battery with any high temperature or high pressure source.
 5. Do not use the battery with any high speed or high acceleration source.
 6. Do not use the battery with any high frequency or high power source.
 7. Do not use the battery with any high magnetic field or high electromagnetic interference source.
 8. Do not use the battery with any high radiation or high ionizing source.
 9. Do not use the battery with any high vibration or high shock source.
 10. Do not use the battery with any high pressure or high impact source.

FCC Warning Statement Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- - Reorient or relocate the receiving antenna.
- - Increase the separation between the equipment and receiver.
- - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- - Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
