At a glance

Before using your product, please read the legal, safety, and regulatory information in this guide. Product images are for illustration purposes only and may differ from the actual products you purchase.

Note: Some protective cases may affect your experience of pressing the button and reduce the sound volume of the buzzer.

Pair and connect

- 1 Pull out the protective film. You will hear a beep indicating the tag is powered up.
- 2 Hold your phone close to the tag. Make sure the phone is unlocked and awake.
- 3 Turn on Bluetooth on your phone.
- 4 Follow the onscreen instructions that pop up on your phone.

Note: Press and hold the button for 10s to reset the tag.

Get more

Download the companion app to get the complete moto tag experience. To get the apps, user guides, videos, and more, visit www.motorola.com/mymototag or scan the QR code with your **Camera** app.

Replace the battery

- 1 Press the battery cover and turn counter-clockwise to remove the cover.

Note: Do not insert a pin into the buzzer hole.

- 2 Remove the battery and insert a CR2032 battery with the positive side (+) up.

- 3 Put the cover back and rotate clockwise while pushing, until rotation stops.

Legal, safety, and regulatory information

Safety information

- Your product contains magnets and may interfere with pacemakers and other medical devices. Consult your healthcare provider and the medical device manufacturer's directions before using this product.
- Do not attempt to disassemble, repair or modify the product by yourself. This may damage the product and could cause danger.
- The product may present a choking hazard to small children and animals.

Battery

WARNING

- **INGESTION HAZARD:** This product contains a button cell or coin battery.
- **DEATH** or serious injury can occur if ingested.
- A swallowed button cell or coin battery can cause **Internal Chemical Burns** in as little as **2 hours**.
- **KEEP** new and used batteries **OUT OF REACH of CHILDREN**.
- **Seek immediate medical attention** if a battery is suspected to be swallowed or inserted inside any part of the body.

- Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate.
- Even used batteries may cause severe injury or death.
- Call a local poison control center for treatment

information.

- Use a CR2032 battery (nominal voltage: 3V).
- Non-rechargeable batteries are not to be recharged.
- Do not force discharge, recharge, disassemble, heat above 70°C (158°F) or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.
- Ensure the batteries are installed correctly according to polarity (+ and -).
- Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the battery, and keep it away from children.

Use & care

- Don't use your product in temperatures below -20°C (-4°F) or above 45°C (113°F). Don't store/transport your product in temperatures below -20°C (-4°F) or above 70°C (158°F).
- Don't drop, disassemble, puncture, crush or expose your product to fire.
- To clean your product, use a dry, soft cloth.

Water immersion, dust and splash resistance.

Tested under controlled laboratory conditions, the product is water, splash, and dust resistant to a rating of IP67 (IEC 60529) and can be submerged up to 1 meter in still, fresh water for up to 30 minutes. Resistance will decrease as a result of normal wear. Not waterproof or dust proof. For more, see the User Guide.

Specifications

Operating mode	Frequency band	Maximum power
Bluetooth	2402-2483.5MHz	EIRP 8dBm
Ultra Wideband	6240-6740/ 7737-8237MHz	0dBm/50MHz

Ultra Wideband information. Ultra Wideband (UWB) features require a paired UWB supported device. UWB availability varies by region. When use of UWB is prohibited in your region, turn on Airplane mode on a paired device to turn off UWB. In the US, UWB devices may not be employed for the operation of toys. Operation onboard an aircraft, a ship or a satellite is prohibited.

European conformance (CE and UKCA). The following information is applicable to products that carry a CE or UKCA mark. Contact point: Regulatory Compliance,

Motorola Mobility UK Ltd., 25 Templer Avenue, Farnborough, Hampshire, GU14 6FE, UK.

Hereby, Motorola Mobility LLC declares that the radio equipment model as defined in this guide (and box label) supplied with this product bearing the CE mark is in compliance with Directive 2014/53/EU; and bearing the UKCA mark is in compliance with the Radio Equipment Regulations 2017.

The full DoC can be found at www.motorola.com/red.

FCC compliance. This equipment has been tested and found to comply with the limits for a Class B digital device. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance

with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two

conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Motorola has not approved any changes or modifications to this device by the user. Any changes or modifications could void the user's authority to operate the equipment.

Canada IC compliance. This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Eurasian Economic Union conformance.
This product (Model XT2445-1) complies

with the requirements of the Technical Regulations of the Eurasian Economic (Customs) Union. Mark of conformity:

Purpose: tracker tags for personal and business use.

Manufacturer name and address: Motorola Mobility LLC, 222 W. Merchandise Mart Plaza, Chicago, IL 60654, USA.

Made in China.

Manufacture date of the product: see the Date field (year-month-date) on the label* of the product packaging.

Importer name: see the label* of the product packaging.

Life cycle of the product: 1 year.

When a malfunction is detected, contact the service center or an authorized dealer for advice or repair of equipment.

*According to GOST 2.601-2019 «Unified system

of design documentation. Operational documents», paragraph 5.1, subparagraph 5.1.2, the label is a type of operational documents.

Disposal & recycling. Don't dispose of this product or its battery with your household waste. For help recycling products and packaging responsibly, visit www.motorola.com/recycling.

Warranty. This product is covered by Motorola's limited warranty. To review the warranty visit www.motorola.com/device-legal. You may also obtain a copy of the warranty by contacting Motorola at: Motorola Mobility LLC, Attention Customer Service—Warranty Request, 222 West Merchandise Mart Plaza, Chicago, IL 60654.

Firma Lenovo Technology B.V. oddział w Polsce, ul. Gottlieba Daimlera 1, 02-460 Warszawa, gwarantuje, że Produkt sprzedany wraz z niniejszą gwarancją będzie wolny od poważnych wad

materiałowych oraz produkcyjnych przez okres 24 miesięcy, licząc od daty pierwotnego zakupu, pod warunkiem, że Produkt będzie wykorzystywany zgodnie ze swoim przeznaczeniem przez konsumentów / użytkowników końcowych.

Dowodem udzielonej gwarancji jest dowód zakupu wydany przez Sprzedawcę.

W okresie trwania gwarancji Użytkownikowi przysługuje prawo do bezpłatnej wymiany produktu (na model analogiczny lub inny, o nie gorszych parametrach technicznych) w przypadku, gdy gwarant stwierdził, że nastąpiła wada niemożliwa do usunięcia poprzez naprawę.

Gwarancja nie obejmuje uszkodzeń powstałych z winy użytkownika (niewłaściwe lub niezgodne z instrukcją użytkowania produktu, próby samodzielnej naprawy produktu, uszkodzenia mechaniczne oraz wady spowodowane zdarzeniami losowymi).

W przypadku wystąpienia wady użytkownik powinien dostarczyć produkt w opakowaniu chroniącym go przed uszkodzeniem pod adres serwisu gwaranta lub do firmy, która dokonała sprzedaży produktu, wraz z dowodem zakupu.

W przypadku braku zgodności rzeczy sprzedanej z umową, kupującemu z mocy prawa przysługują środki ochrony prawnej ze strony i na koszt sprzedawcy, a gwarancja nie ma wpływu na te środki ochrony prawnej.

Niniejsza gwarancja obowiązuje wyłącznie na terytorium Rzeczypospolitej Polskiej. Gwarant nie ponosi odpowiedzialności za utratę danych spowodowana nieprawidłowym użytkowaniem produktu.
