

Change Note

Distribution	Marion Campbell, Richard Davies, Chris Taylor, Celestica		
Prepared by	Peter Goldsmith		
Drawing number	C7491-DL-001	Old version b	New version c
CR number	<i>(Reference of associated Change Request, if any)</i>		
Category	Major <input checked="" type="checkbox"/> Minor <input type="checkbox"/> <i>(Category is major if form, fit or function is affected)</i>		
PM approval	<i>(If using DocMan, you may sign electronically)</i>		

Description of changes

Add a 20R resistor in series with the output of U28 in order to improve the stability of the reference voltage used by the auxiliary data converters.
