Declaration on Similarity

We herewith confirm that for the models listed above the RF Transmitter Module is Electrically Identical.

All models are identical to each other in the circuit design, PCB layout and use of component sources except for the change highlighted in table below. The output power configuration is fixed by software settings; No change in the RF section of the SoC.

The model differences are as below description.

Models		Describe the differences between the main model and the series model
Main	WBZ451HPE	PCB Antenna without Trust and Go Chip
Series	WBZ451HUE	U.FL Antenna without Trust and Go Chip
