For body worn operation, this device has been tested and meets the limits regarding human exposure to electromagnetic radiation set forth in related FCC, IC and CE rules, guidelines and standards for use with the following body worn accessory: holster. Use of other accessories may not ensure compliance with the mentioned rules.

Fonctionnement près du corps: ce dispositif a été testé et s'avère conforme aux règles et lignes directrices des normes FCC, IC et EC, relatives aux limites d'une exposition humaine sécuritaire au rayonnement électromagnétique pour une utilisation près du corps de l'accessoire suivant: holster. L'utilisation d'autres accessoires peut ne pas assurer la conformité avec les règles mentionnées.

 802.11 Caution: A Wireless Network Administrator should review the operating restrictions and use with a properly configured access point.

**Models: CN80LON, CN80L1N**  
**FCC Part 15 Subpart B Class B**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio or television technician for help.

If necessary, the user should consult the dealer or an experienced radio/television technician for additional suggestions. Honeywell International Inc. is not responsible for any radio or television interference caused by unauthorized modifications of this equipment or the substitution or attachment of connecting cables and equipment other than those specified by Honeywell International Inc. The correction is the responsibility of the user.

**Canadian Compliance**

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

CAN ICES-3 (B) / NMB-3 (B)

**Models: CN80LON, CN80L1N**  
**Conformité à la réglementation canadienne**

Cet appareil est conforme aux normes RSS avec exemption de licence d'Industrie Canada. Son fonctionnement est assujéti aux conditions suivantes:

1. Cet appareil ne doit pas causer de brouillage préjudiciable.
2. Cet appareil doit pouvoir accepter tout brouillage reçu, y compris le brouillage pouvant causer un fonctionnement indésirable.

CAN ICES-3 (B) / NMB-3 (B)

**Models: CN80LON, CN80L1N**  
**802.11a Radio Precaution Statements (North America)**

- 802.11a wireless LAN 5150 to 5250 MHz (5.15 to 5.25 GHz) (5 GHz radio channels 36 - 48) is restricted to indoor operations to reduce harmful interference to co-channel Mobile Satellite System (MSS) operations.
- The maximum antenna gain permitted for devices in the bands 5250-5350 MHz and 5470-5725 MHz shall comply with the EIRP limit.
- The maximum antenna gain permitted for devices in the band 5725-5850 MHz shall comply with the EIRP limits specified for point-to-point and non-point-to-point operation as appropriate.
- Be advised that high-power radars are allocated as primary users (i.e., priority users) of the bands 5250-5350 MHz and 5650-5850 MHz and that these radars could cause interference and/or damage to LE-LAN devices.

**Models: CN80LON, CN80L1N**  
**802.11a Énoncé de mise en garde radio (Amérique du Nord)**

- Mise en garde : 802.11a sans fil LAN 5150 à 5250 MHz (5,15 à 5,25 GHz) (fréquences radio 36 à 48 de 5 GHz) est limité aux opérations en intérieur pour réduire les interférences nuisibles aux opérations du système mobile par satellite (MSS) dans le même canal.
- Mise en garde : Le gain en puissance d'antenne maximal autorisé pour les périphériques dans les bandes 5250 à 5350 MHz et 5470 à 5725 MHz doit respecter la limite EIRP
- Mise en garde : Le gain en puissance d'antenne maximal autorisé pour les périphériques dans les bandes 5725 à 5850 MHz doit respecter les limites EIRP spécifiées pour les opérations point à point et non point à point le cas échéant.
- Mise en garde : Sachez que les radars de haute puissance sont désignés comme utilisateurs principaux (c.-à-d. utilisateurs prioritaires) des bandes 5250 à 5350 MHz et 5650 à 5850 MHz, et que ces radars peuvent causer des interférences ou endommager les périphériques LE-LAN.

This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter, except tested built-in radios.

Cet appareil et son antenne ne doivent pas être situés ou fonctionner en conjonction avec une autre antenne ou un autre émetteur, exception faites des radios intégrées qui ont été testées.

The County Code Selection feature is disabled for products marketed in the US/Canada.

La fonction de sélection de l'indicatif du pays est désactivée pour les produits commercialisés aux États-Unis et au Canada.

**Models: CN80LON, CN80L1N**

Para su uso en México, la operación de este equipo está sujeta a las siguientes dos condiciones:

1. es posible que este equipo o dispositivo no cause interferencia perjudicial y
2. este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | The equipment is intended for use throughout the European Community.

**Operating Frequency Ranges**  
**Models: CN80LON, CN80L1N**

- 130-148kHz (QI, Rx only)
- 13-14 MHz (NFC): -17.48 dBµA/m EIRP
- 2400-2483.5MHz (Zigbee): 3.15 dBm EIRP
- 2400-2483.5 MHz (PAN Bluetooth): 9.41 dBm EIRP
- 2400-2483.5 MHz (Bluetooth Low Energy): 3.12 dBm EIRP
- 2400-2483.5 MHz (WLAN IEEE 802.11b/g/n): 19.41 dBm EIRP
- 5150-5350 MHz, 5470-5725 MHz and 5725-5850 MHz (WLAN/RLAN IEEE 802.11a/n/ac): 22.18 dBm and 13.21 dBm (5G B4) EIRP

**Model: CN80L1N**

- 1710-1785 / 1805-1880 MHz (LTE Band 3, Tx/Rx), 2500-2570 / 2620-2690 MHz (LTE Band 7, Tx/Rx), 832-862 / 791-821 MHz (LTE Band 20, Tx/Rx): 23 dBm
- 1920-1980 / 2110-2170 MHz (LTE Band 1, Tx/Rx), 880-915 / 925-960 MHz (LTE Band 8, Tx/Rx), 703-748 / 758-803 MHz (LTE Band 28, Tx/Rx), 2570-2620 MHz (LTE Band 38).
- 2300-2400MHz (LTE Band 40): 23 dBm EIRP
- 880-915 / 925-960 MHz (UMTS 900 Band, Tx/Rx), 1920-1980 / 2110-2170 MHz (UMTS 2100 Band, Tx/Rx): 24 dBm
- 880-915 / 925-960 MHz (GSM/EGPRS GSM 900 Band, Tx/Rx): 33 dBm
- 1710-1785 / 1805-1880 MHz (GSM/EGPRS DCS 1800 Band, Tx/Rx): 30 dBm

LED Safety

LEDs have been tested and classified as "EXEMPT RISK GROUP" to the Standard: IEC 62471:2006.

Laser Compliance and Precaution

This device has been tested in accordance with and complies with IEC60825-1:2007, IEC60825-1:2014, 21 CFR 1040.10 and 1040.11, except for deviations pursuant to Laser Notice No. 50, dated June 24, 2007. Dolphin CN80 devices that include a laser caution label (see far right) affixed to housing are a CLASS 2 LASER PRODUCT. This product has a maximum output of 1 mW at 650 nM.

Caution:

Use of controls or adjustments or performance of procedures other than those specified herein may result in hazardous radiation exposure.  
Mise en garde : l'utilisation de contrôles ou d'ajustements ou de performance de procédures autres que ceux spécifiées dans la présente peut provoquer une exposition dangereuse au rayonnement.  
若使用的控制、調整或執行等程序並非依照使用者文件中所指示，可能會發生危險，導致輻射曝露。

LASER LIGHT-DO NOT STARE INTO BEAM

ATTENTION! LASER NE PAS REGARDER DANS LE FUSIL LASER  
MAX. 1mW 630-680 nm. IEC60825-1:2007 and IEC60825-1:2014. Complies with 21 CFR 1040.10 and 1040.11.  
except for deviations pursuant to Laser Notice No. 50 dated June 24, 2007. CLASS 2 LASER PRODUCT.  
ATTENTION! A LASER DE CLASSE 2.

LASER LIGHT-DO NOT STARE INTO BEAM

雷射光，勿直視光束，2类激光产品。  
ATTENTION! LASER NE PAS REGARDER DANS LE FUSIL LASER  
MAX. 1mW 630-680 nm. IEC60825-1:2007 and IEC60825-1:2014. Complies with 21 CFR 1040.10 and 1040.11.  
except for deviations pursuant to Laser Notice No. 50 dated June 24, 2007. CLASS 2 LASER PRODUCT.  
ATTENTION! A LASER DE CLASSE 2.

CAUTION: Improper battery replacement or incompatible device usage may result in risk of burns, fire, explosion, or other hazard. Dispose of batteries according to local regulations.

ATTENTION : Un remplacement inadéquat de la batterie ou une utilisation incompatible de l'appareil peut présenter des risques de brulures, d'incendie, d'explosion ou d'autres dangers. Jetez les piles en lithium-ion conformément aux réglementations locales.

MISE EN GARDE : Le remplacement incorrect de la pile ou l'usage d'un appareil non compatible peut représenter des risques de brûlures, d'incendie, d'explosion ou d'autres dangers. Éliminez les piles lithium-ion usagées conformément aux réglementations locales.

Attenzione. La sostituzione inadeguata delle batterie o un uso incompatibile del dispositivo possono causare rischi di ustioni, incendi, esplosioni o altri pericoli. Smaltire le batterie agli ioni di litio in conformità ai regolamenti locali.

VORSICHT. Ungeeignete Ersatz-Akkus oder nicht kompatible Gerätnutzung kann zu Verbrennungen, Feuer, Explosion oder anderen Gefahren führen. Entsorgen Sie die Lithium-Ionen-Batterien gemäß den lokalen Richtlinien.

PRECAUCIÓN: El reemplazo inadecuado de la batería o el uso de un dispositivo incompatible pueden dar como resultado quemaduras, un incendio, explosión u otros riesgos. Descarte todas las baterías de litio según las regulaciones locales.

Precaución: El reemplazo inadecuado de la batería o el uso de un dispositivo incompatible puede presentar riesgo de quemaduras, incendio, explosión, u otro tipo de riesgos. Deseche las baterías de iones de litio de acuerdo a las normativas locales.

CUIDADO: a substituição incorreta da bateria ou o uso de um dispositivo incompatível pode resultar em riscos de queimaduras, incêndio, explosão ou outros perigos. Descarte as baterias de ion de lítio de acordo com as regulamentações locais.

注意：電池更換不當或者用于不兼容的设备可能导致燃烧、起火、爆炸或其他危险。请按照当地规定处置锂电池。

注意：不適當的電池更換或者與不兼容的裝置搭配使用，可能導致燃燒、火災、爆炸或其他危險。請依照當地法規處置锂电池。

注意：誤った電池交換または互換性の無いデバイスの使用により、やけど、発火、爆発などの危険をおよぼす可能性があります。リチウムイオン電池の廃棄については、地域の規則に従ってください。

주의 : 배터리를 부적절하게 교체하거나 호환되지 않는 장비를 사용하게 되면, 화상, 화재, 폭발, 기타 위험이 발생할 수 있습니다. 지역 규정에 따라 리튬 이온 배터리를 적분하십시오.

ВНИМАНИЕ: В случае неправильной замены аккумулятора или использования несовместимого устройства существует опасность ожога, пожара, взрыва, а также других несчастных случаев. Утилизация литий-ионных аккумуляторов должна производиться в соответствии с местными нормативами.

تحذير: قد يتسبب استخدام بطارية غير صحيحة أو الاستعمال غير المتوافق للجهاز في الإصابة بحروق أو اندلاع حريق أو حدوث انفجارات أو التسبب بمخاطر أخرى. يجب التخلص من البطاريات وفقاً للوائح المحلية.

RF Exposure Information (SAR)

This mobile phone meets the government's requirements for exposure to radio waves. This phone is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government and Canadian Government.

The exposure standard for wireless mobile phones employs a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit set by the FCC/IC is 1.6W/kg and for Europe 2W/Kg. Although the SAR is determined at the highest certified power level, the actual SAR level of the phone while operating can be well below the maximum value. This is because the phone is designed to operate at multiple power levels so as to use only the power required to reach the network. In general, the closer you are to a wireless base station antenna, the lower the power output.

Model CN80L0N

FCC SAR

The highest reported FCC SAR values for head, body-worn accessory and simultaneous transmission use conditions are: 1.19W/kg (1g), 0.26W/kg (1g) and 1.3W/kg (1g).

IC SAR

The highest reported IC SAR values for head, body-worn accessory and simultaneous transmission use conditions are: 1.19W/kg (1g), 0.26W/kg (1g) and 1.44W/kg (1g).

CE SAR

The highest reported CE SAR values for head and body-worn accessory use conditions are: 0.31W/kg (10g) and 0.88W/kg (10g).

Model CN80L1N

FCC SAR

The highest reported FCC SAR values for head, body-worn accessory, hotspot and simultaneous transmission use conditions are: 1.18W/kg (1g), 0.54W/kg (1g), 0.78W/kg (1g), and 1.32W/kg (1g) .

IC SAR

The highest reported IC SAR values for head, body-worn accessory, hotspot and simultaneous transmission use conditions are: 1.18W/kg (1g), 0.54W/kg (1g), 0.78W/kg (1g), and 1.45W/kg (1g) .

CE SAR

The highest reported CE SAR values for head, body-worn accessory and simultaneous transmission use conditions are: 0.87W/kg (10g), 0.98W/kg (10g) and 1.88W/kg (10g).

NCC SAR

NCC SAR標準值 2.0W/kg; 送測值為 0.756W/kg。

While there may be differences between the SAR levels of various phones and at various positions, they all meet the government requirement.

The FCC has granted an Equipment Authorization for this model phone with all reported SAR levels evaluated as in compliance with the FCC RF exposure guidelines. SAR information on this model phone is on file with the FCC and can be found under the Display Grant section of [www.fcc.gov/oet/ea/fccid](http://www.fcc.gov/oet/ea/fccid) after searching on FCC ID/IC ID: HD5-CN80L0N/1693B-CN80L0N, HD5-CN80L1N/1693B-CN80L1N

Caution: If a body worn accessory is not purchased from Honeywell, the accessory must contain no metal and provide a 1.5 cm (0.6 in) space between the device and the body. Use of antennas and accessories not authorized may void the compliance of this product and may result in RF exposures beyond the limits established for this equipment.

Mise en garde : Si un accessoire de corps n'est pas acheté auprès d'Intermec, cet accessoire ne doit contenir aucun métal et garantir un espace de 1,5 cm entre l'appareil et le corps. L'utilisation d'antennes et d'accessoires non autorisés peut annuler la conformité de cet appareil et peut causer une exposition aux RF au-delà des limites établies pour cet équipement.

Model CN80L1N

Hearing Aid Compatibility (HAC)

The standard for compatibility of digital wireless devices with hearing aids is set forth in American National Standards Institute (ANSI) standard C63.19. ANSI C63.19 contains these two sets of standards:

- An "M" rating from M1 to M4 for reduced radio frequency (RF) interference to enable acoustic coupling with hearing aids that do not operate in t-coil mode.
- A "T" rating from T1 to T4 to enable inductive coupling with hearing aids operating in t-coil mode.

A digital wireless handset is considered hearing aid compatible for acoustic coupling if it meets at least an "M3" rating under the ANSI standard. A digital wireless handset is considered hearing aid compatible for inductive coupling if it meets at least a "T3" rating under the ANSI standard.

M-Ratings: Devices rated M3 or M4 meet FCC requirements and are likely to generate less interference with hearing devices than devices that are not labeled. M4 is the superior/higher of the two ratings.

T-Ratings: Devices rated T3 or T4 meet FCC requirements and are likely to be more usable with a hearing device's t-coil than unrated devices. T4 is the superior/higher of the two ratings.

These ratings are not guaranteed. Results will vary depending on the level of immunity of your hearing device and the degree of your hearing loss. If your hearing device happens to be vulnerable to interference, you may not be able to use a rated device successfully. Trying out the device with your hearing device is the best way to evaluate it for your personal needs.

When some wireless devices are used near some hearing devices such as hearing aids and implants, users may detect a buzzing or humming noise. Some hearing devices are more immune than others to this interference noise. Wireless devices may also vary in the amount of interference they generate. The more immune the hearing aid device is, the less likely one is to experience interference noise from the wireless device.

Hearing aid devices may also be rated. Adding the ratings of the hearing aid and the device can predict the usability of the two devices together:

- Any combined rating equal to or greater than six offers the best use.
- Any combined rating equal to five is considered normal use.

These models have been tested and rated for use with hearing aids for some of the wireless technologies that they use. However, there may be some newer wireless technologies used in these devices that have not been tested yet for use with hearing aids. It is important to try the different features of these devices thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Consult your service provider or the manufacturer of the device for information on hearing aid compatibility. If you have questions about return or exchange policies, consult your service provider or device retailer.

The following devices are currently offered:

| Model   | HAC Rating | Air-Interface           | C63.19 Version |
|---------|------------|-------------------------|----------------|
| CN80L1N | M3/T3      | GSM/WCDMA/CDMA/LTE/WLAN | 2011           |

Informações ANATEL (Modelos CN80L0N, CN80L1N)

Estes equipamentos estão devidamente certificados e homologados pela ANATEL, em conformidade com as Res. 242 e 323. Para maiores informações, consulte o site da ANATEL - [www.anatel.gov.br](http://www.anatel.gov.br).

Este equipamento não tem direito à proteção contra interferência prejudicial e não pode causar interferência em sistemas devidamente autorizados.

Este produto está homologado pela ANATEL, de acordo com os procedimentos regulamentados pela Res. 242/2000 e atende aos requisitos técnicos aplicados, incluindo os limites de exposição da Taxa de Absorção Específica referente a campos elétricos, magnéticos e eletromagnéticos de radiofrequência de acordo com a Resolução 303 e Ato 955.

O equipamento deverá ser utilizado a uma distância mínima junto ao corpo de 1.5 cm.

Compatibilidade entre carregadores, baterias e acessórios:

Os modelos CN80L1N e CN80L0N (Dolphin CN80) serão fornecidos com bateria modelo CW-BAT, nº de homologação 02874-18-10477.

Os modelos CN80L1N e CN80L0N (Dolphin CN80) serão fornecidos com os seguintes carregadores / fontes de alimentação:

• Carregador modelo ADS-65LSI-12-1 12036E: número de homologação ANATEL 02724-15-05026.

• Carregador modelo ADS-110DL-12-1 120084E: número de homologação ANATEL 02725-15-05026.

• Carregador modelo GST120A12: número de homologação ANATEL 03490-18-08023.

| This document was prepared and executed in the English language. In the event this document is translated into another language and a conflict arises between the English version and a non-English version, the English version shall prevail, it being recognized and acknowledged that the English language version most clearly expresses the intent of the parties. Any notice or communication given in connection with this document must include a version in the English language. | Ce document a été préparé et exécuté dans la langue anglaise. Dans l'éventualité où le document serait traduit dans une autre langue et qu'un litige survient entre la version en anglais et la version autre qu'en anglais, la version en anglais prévaudra, étant confirmé et reconnu que la version en anglais exprime de façon plus précise l'intention des parties. Tout avis ou toute communication relatif à ce document doit inclure une version en anglais. | Ce document a été préparé et finalisé en anglais. Si ce document est traduit dans une autre langue et si un conflit survient entre la version en anglais et la version traduite, la version en anglais prévaudra tant il est reconnu et établi qu'elle exprime le plus clairement les intentions des parties. Tout avis ou communication produit en relation avec ce document doit comporter une version en anglais. | Questo documento è stato preparato e redatto in lingua inglese. In caso di traduzione in altre lingue, nell'eventualità sorgano conflitti fra la versione non inglese e quella inglese, prevarrà quest'ultima in quanto viene riconosciuto e accettato che la versione in lingua inglese esprime più chiaramente gli accordi fra le parti. Qualsiasi notifica o comunicazione inviata in rapporto a questo documento deve includere una versione in lingua inglese. | Dieses Dokument wurde in englischer Sprache erstellt und ausgefertigt. Wenn dieses Dokument in eine andere Sprache übersetzt wird, und ein Konflikt zwischen der englischen und nicht-englischen Fassung auftritt, hat die englische Fassung Vorrang, da die Parteien anerkennen, dass die Fassung in englischer Sprache ihren Absichten am deutlichsten Ausdruck verleiht. Alle Hinweise oder Mitteilungen in Zusammenhang mit diesem Dokument müssen auch in einer Fassung in englischer Sprache erfolgen. | Originalmente, este documento se creó y redactó en inglés. En caso de que se traduzca a otro idioma y surja un conflicto entre la versión en inglés y la versión en otro idioma, prevalecerá la versión en inglés. Se reconoce y admite que, en la versión en inglés, expresa la intención de las partes con más claridad. Cualquier aviso o comunicación proporcionada en relación con este documento debe incluir una versión en inglés.                                             | Este documento se preparó y redactó en inglés. En caso de que se traduzca a otro idioma y surja algún conflicto entre la versión en inglés y la del idioma extranjero, prevalecerá la versión en inglés, dado que se reconoce y admite que la versión en inglés expresa más claramente la intención de las partes. Cualquier aviso o comunicación proporcionada en relación con este documento deberá incluir una versión en inglés. |
| Este documento foi preparado e feito em língua inglesa. Se este documento for traduzido para outro idioma e surgirem conflitos entre a versão em inglês e a versão no outro idioma, a versão em inglês prevalecerá, sendo reconhecido e atestado que a versão em língua inglesa expressa mais claramente a intenção das partes. Qualquer comunicação ou aviso relacionado a este documento deve conter a versão em inglês.                                                                  | 本文档以英文撰寫。如果本文档的其他语言版本与英文版存在冲突，则以英文版为准。各方一致认可和同意英文版最清楚地表达了各自的意图。任何与本文档相关的声明或沟通，都应包括英文版本。                                                                                                                                                                                                                                                                                                                                                                              | 本文件的原稿是以英文撰寫。如果本文件翻譯為其他語言，而英文版和非英文版之間產生衝突，應以英文版為準，並且各方一致認同並確認英文版最能夠清楚地表達各方的意圖。凡是所有與本文件有關之公告或通訊，都必須包含英文的版本。                                                                                                                                                                                                                                                                                                           | 本書は英語で作成され発行されています。本書を他の言語に翻訳し、英語版と英語以外の版に矛盾が生じた場合は、関係者の意図を最も明確に表すものが英語版であることを認識および承諾し、英語版が優先するものとします。さらに、本書に関連して与えられる告知や通知は、すべて英語版を含むものとします。                                                                                                                                                                                                                                                                                                                       | 본 문서는 영어로 준비되어 작성된 것입니다. 본 문서를 다른 언어로 번역했는데 영문본과 번역본 사이에 상충하는 부분이 발생하는 경우에는 영문본이 우선하며, 영문본이 양쪽 당사자의 의도를 가장 명확하게 표현하고 있음을 인식하고 확인합니다. 본 문서와 관련한 모든 고지 또는 전달 사항에는 영문본이 동봉되어야 합니다.                                                                                                                                                                                                                                                                                                                              | Данный документ был подготовлен и выполнен на английском языке. При переводе данного документа на другой язык, в случае возникновения противоречий между английской ,версией и версией на другом языке английская версия имеет преимущественную силу. Данным признается, что версия документа на английском языке наиболее четко выражает намерения сторон.
