

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph of a small, square electronic component with a central circular hole, mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's width spanning approximately 10 mm. The component has several small, rectangular solder pads on its surface.
Solder Board-Component View 2	 A photograph of the same electronic component from a different angle, showing the underside. The component is mounted on a blue textured surface. The ruler is visible, showing the component's width is approximately 10 mm. The underside of the component shows various solder pads and components, including a small yellow component and several small, rectangular components.

View 4**

Solder Board-Component View 5	 A photograph of a small, rectangular printed circuit board (PCB) component, likely a Wi-Fi module, resting on a blue textured surface. The board is populated with various electronic components, including a large green integrated circuit (IC) in the center, several smaller surface-mount components, and a gold-plated USB Type-C connector on the right edge. A black ruler with white markings is placed horizontally below the board, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 6	 A photograph of the same PCB component from a different perspective, showing the underside. The board features a large black IC, various surface-mount components, and a gold-plated USB Type-C connector on the right edge. A black ruler with white markings is placed horizontally below the board, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
