

IR-1000 user manual

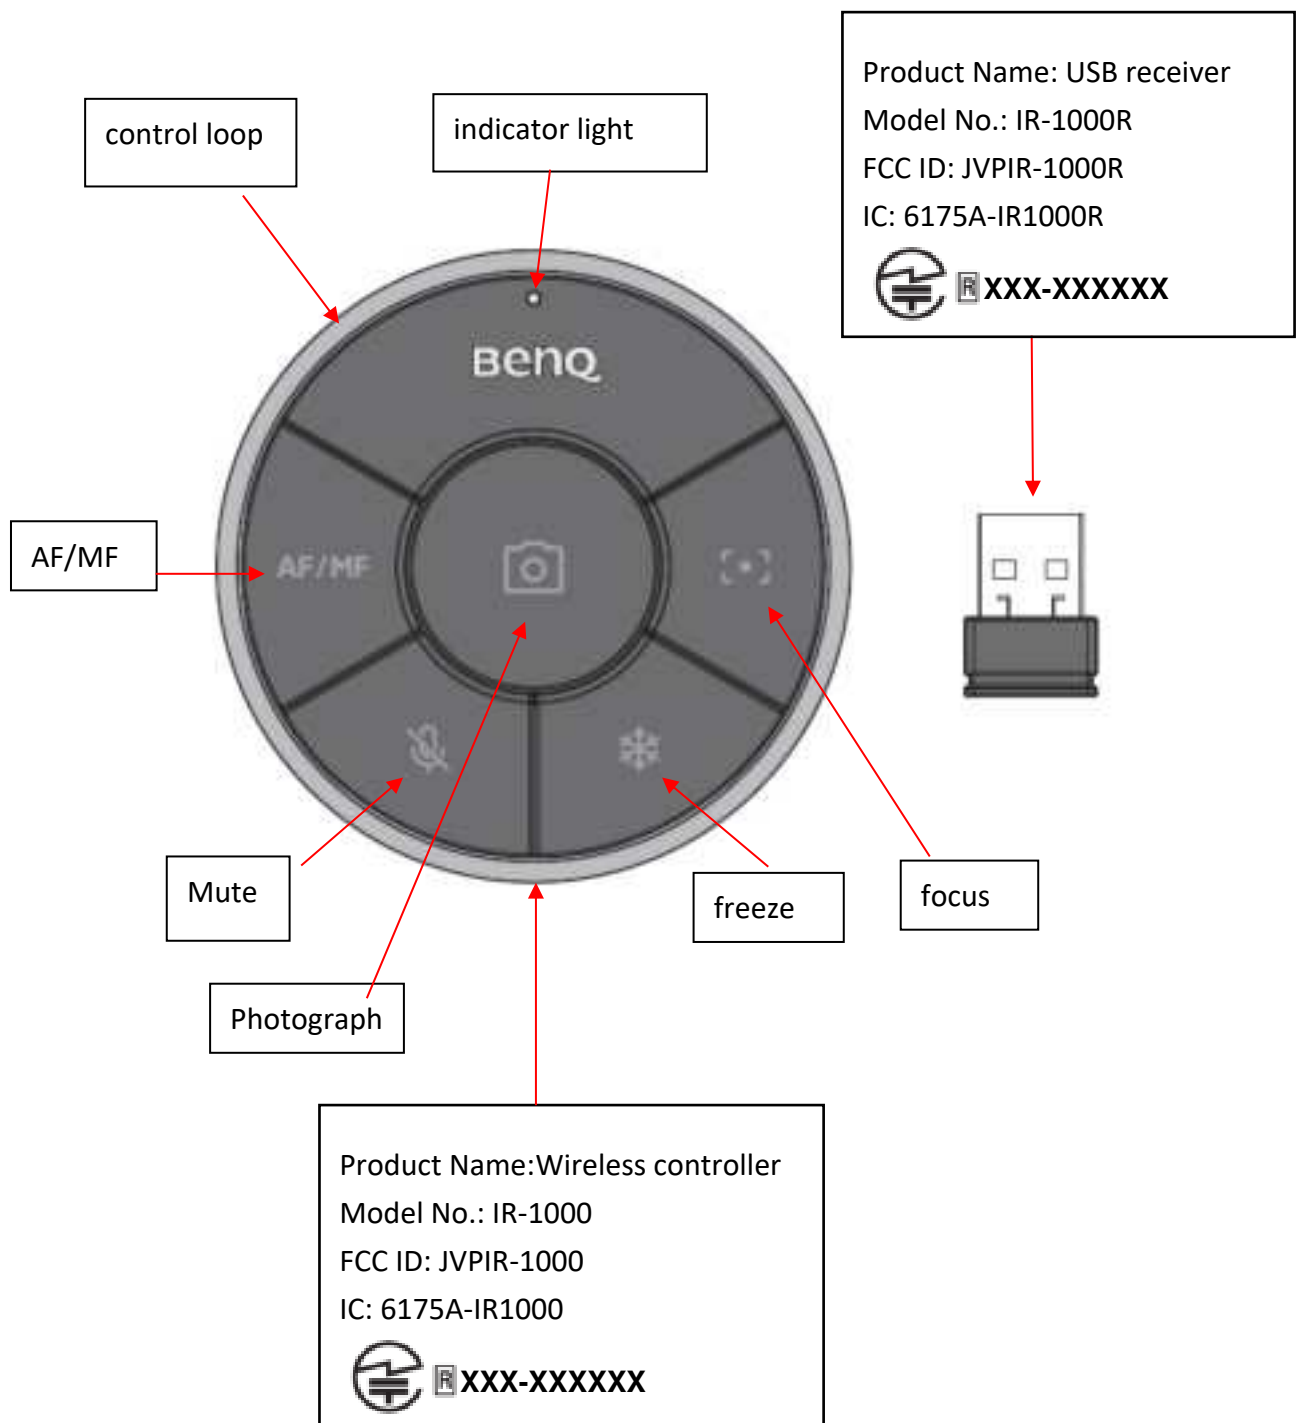

Wireless controller

contents

Product Description -----	p.3
Steps for usage -----	p.4
Technical parameter -----	p.4
Warning -----	p.4~p.5

Product Description

1. Indicator light--Lights up white when the controller is being operated, and flashes red after being operated when the battery is low.
2. Photograph--Can control the camera to take pictures
3. Focus ---Can control camera focus
4. Freeze--The camera software can be controlled to freeze the screen

5. Mute--Software-controlled mute

6. Control loop--Controllable screen size

7. AF/MF – AF/MF function can be controlled

Usage scenario: The camera can be controlled through a computer connection, which belongs to the spare parts used around the computer.

Steps for usage

1. Remove the battery cover, install 2*AAA batteries, and close the battery cover
2. Open the software on the computer to connect the camera and plug in the USB receiver
3. Functions available on the controller

Technical parameter

3.1 Electrical parameters

Operating Voltage: AAA*2;

3.2 RF parameters

Frequency Range	Occupied bandwidth	Transmit power
2400-2483.5MHz	$\leq 2\text{MHz}$	-6.0 dBm(EIRP)

RF exposure statement

This equipment complies with the FCC and ISED radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet équipement est conforme aux limites d'exposition aux rayonnements de la FCC et de l'ISED établies pour un environnement non contrôlé. Cet émetteur ne doit pas être co-localisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IC WARNING

This device contains licence-exempt transmitter(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
