**Re: Class II Permissive Change for FCC ID: H9PLA3020**

Date: May 18, 1999

To The Commission:

This Class II Permissive Change request is for the Spectrum 24 model PCMCIA WLAN Module. Symbol Technologies, Inc. will provide this module to OEM vendors to incorporate with the specified antenna into equipment that is worn on the body in close proximity to human tissues.

While the specified antenna emissions are covered by current certificate, in accordance with OET Bulletin 65 Supplement C, Table 1 Symbol Technologies, Inc. is submitting a SAR report in lieu of the OEM vendor adding a RF exposure warning label for their device incorporating the LA3020 WLAN module.

A description of the OEM device and antenna are included in the SAR test report.

The following files are electronically submitted as attachments.

Exhibit Type	File Name	Confidential
Cover Letters:-----	CvrLet.pdf	
SAR Test Report -----	SAR TstRpt.pdf	

The filing fee required for this request is submitted by credit card account as entered on Form 159 mailed under separate cover.

If there are any questions about this request, please call me at the number above.

Thank you for your attention.

Respectfully submitted,

Norman H. Nelson
