

Purpose of Amendment Application

In this application, Toshiba Corporation, Product Safety Group (“Toshiba”) proposes to amend its pending application for an equipment authorization for FCC ID #CJ6DCE44327A, confirmation number EA101157 filed on May 29, 2001, by correcting the EIRP in the 1851.25 – 1908.75 frequency range from 0.447 output watts to 0.327 output watts.

Toshiba further proposes to modify its pending application by providing a revised page 21 to its Tune-Up Procedure report titled “Adjustment of PCS Mode Transmitter Maximum Output Power”.

No other technical changes have been made to this application.
