To whom it may concern,

Professional Install Justification:

Mimosa Networks declares that the C5/B5-Lite (FCC ID: 2ABZJ-100-00010) units are not sold or marketed to the general public and are only sold to wireless internet service providers and requires a professional installation. The professional installers have to do a software "sign off" to activate the radio.

A handwritten signature in black ink, appearing to read "Kevin Forbey", written over a light gray grid background.
