To FCC

**TCB SAR Assessment of Symbol DM4046**  
**FCC id: H9PDM4046**

This product was originally tested in October 2000 but was approved under a different FCC id. Consequent to an Engineering Change and correspondence between Symbol and the FCC it was agreed that this product would be re-approved under this FCC id.

I have assessed this device and found it compliant.

No items of particular concern were raised during the evaluation.

Yours sincerely

Hilton Carr  
Task Manager, Technical and Certification Development
