

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

Model: L3160 (Battery LR1865SK-3 (11NR19/66-2), 3.65V, 5200mAh)

EUT Housing and Board View 1	 A photograph showing the white plastic housing of the EUT device and its internal components. The housing is rectangular with rounded corners and a small speaker grille. To the right of the housing is a black plastic component, likely the battery cover, which is open, revealing the internal battery and circuitry. A black ruler with white markings is placed horizontally below the housing and vertically to the left of the battery cover for scale.
EUT Housing and Board View 2	 A photograph showing the white plastic housing of the EUT device and its internal components from a different angle. The housing is rectangular with rounded corners and a small speaker grille. To the right of the housing is a black plastic component, likely the battery cover, which is open, revealing the internal battery and circuitry. A black ruler with white markings is placed horizontally below the housing and vertically to the left of the battery cover for scale.

Solder Board-Component View 3	 A photograph of a small, dark, rectangular electronic component with several solder points and surface markings. It is placed on a blue textured surface next to a black L-shaped ruler with white millimeter markings. The ruler's horizontal scale ranges from 0 to 100 mm, and the vertical scale ranges from 0 to 70 mm.
Solder Board-Component View 4	 A photograph of the same electronic component from a different angle, showing a circular feature on its surface. It is placed on the same blue textured surface next to the same black L-shaped ruler with white millimeter markings.
