

Justification for Re-use of radio test results

We, **Analog Devices Incorporated**, believe the conducted signal test data on original reports provided by Sierra Wireless Inc. (Single Module, FCC ID: N7NWP77B) can be re-used for the following reasons:

1. Applicant has built in the radio module according to the specific radio module integration guides.
2. The applicant has not modified either hardware or software provided by the module manufacturer.

Test item	Rule Part	Report No.	Justification of re-use
LTE, GSM	Part 22H, Part 24E, Part 27 & Part 90	FG7D054A, FG7D054B, FG7D054C	See above
