

H368E Wireless Keyboard User Manual

1: Insert the MINI receiver into the computer USB port as shown in the figure.

2: Firstly, check which system the computer is using, whether it is an Apple system or a WINDS system. If it is a MAC system, press FN+W so that the keyboard can be used on the MAC system. If it is a WINDS system, please press FN+Q so that the keyboard can be used on the WIDNS system. The FN+ENTER key can switch the color of the light, and the FN+SHIFT key can adjust the brightness of the light.

When the keyboard is not applicable, the lights will automatically turn off after 2 minutes.

3: When the battery level is low. The light at the battery identification will flash, indicating that the battery is low and needs to be charged. The charging voltage is 5V. After fully charging, the charging indicator light will automatically turn off.

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If

this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.
