● USB-C port

● 3.5mm audio port

● Microphone

● Power switch

Headphone Controls

1. Power on

Turn the power switch upwards. You hear a tone, and the status light appears blue for five seconds. When the status light turns a brown color, it is not yet fully charged.

2. Bluetooth connections

Tap the Play/Pause button twice in blue once every 5 seconds after you bought it or after you initialize the headset (the headset has no pairing information). You hear a tone signaling "pairing." The headset enters pairing mode automatically (blinks red and blue).

• The devices must be within range (10 m) and powered on.

4. Headset mode

Play

Tap the Play/Pause button (blinks in blue once every 5 seconds).

Stop for ward

Press and hold the Volume + button for 3 seconds.

Stop backward

Press and hold the Volume - button for 3 seconds.

Volume up

Tap the Play/Pause button.

Volume down

Tap the Volume - button.

5. Phone calls

Answer

Tap the Play/Pause button twice (blinks in blue once every 5 seconds).

Incoming call (blinks in blue once every 5 seconds)

During the call

Blinks in blue once every 5 seconds.

Answer a call

Tap the Play/Pause button.

End a call

Tap the Play/Pause button.

Decline a call

Press and hold the Play/Pause button for 3 seconds.

6. Status light

Low to medium charge

● Solid red

Charging

● Solid red

Full charge

● Turns off

Connected

● Solid blue

Device has charged

● Blinks red and blue

Important safety instructions

Please read all instructions and warnings before using this product. Inappropriate use will cause damage to the product or personal safety.

1. Do not expose products containing batteries to excessive heat (e.g., from storage in fire, or direct sunlight, fire, or the like) do not store this product in high temperature, strong light, and strong magnetic field environment. Do not place it in other high environments such as the source. If your earbuds ever go into the water, please dry it naturally before using.

2. Improper use of the product can easily cause product damage or may endanger personal and property safety.

3. If consumers violate the product instructions and use them improperly, the company will not bear any consequences or legal liability for personal and property damage.

4. Non-professionals are strictly forbidden to disassemble this product.

5. Use this product only with an agency-approved power supply that meets local regulatory requirements.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOT E-13. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential environment. This equipment uses frequency shielding technology to reduce radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to other electronic equipment, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

– Reorient or relocate the receiving antenna.

– Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

NOT E-12. Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOT E-13. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
