TÜV®

Subject: Change in Model Number

This is to certify that the test report M/FG-16/107 is valid for the following radio module:

- 2ACQM-E00011
- 12154A-E00011 - Model Number: M02

although the Model Number is listed as R26 in this test report.

This is because the manufacturer decided to change the model number after the test report was issued to avoid using duplicate model number.
