Greetings from OPPO Mobile

This guide will show you how to use the phone and its important functions. You may also visit OPPO official website to get more information about the phone.

How to reboot the phone

Press and hold the Power Button and Volume Up Button at the same time until the OPPO boot animation is displayed to reboot the phone.

How to Transfer Old Mobile Content to a New Mobile

You can use OPPO Clone Phone to easily transfer photos, videos, music, contacts, messages, apps, etc from your old phone to the new one.
1. If your previous phone was a non-OPPO Android phone, search "OPPO Clone Phone" in the Google Play store and install the app. You can also scan the QR code below to install it. If your previous phone was an OPPO phone, you don't need to install this app. Then run Clone Phone on both phones and follow the on-screen instructions.
