Re: KANEMATSU USA INC.'S FCC ID: IV9FNCV-25

To Whom It May Concern:

Enclosed please find an application for a Class II permissive change for Kanematsu USA Inc.'s FCC ID: IV9FNCV-25.

The original application was submitted and approved under 12.5 kHz channel spacing only and the applicant wishes to add the 25 kHz channel spacing to the grant.

We have performed the required testing to show that the device complies with the FCC requirements.
