A photograph of the Imprevo Charging Station device, a white rectangular unit, placed next to a metal ruler for scale. The ruler shows the device is approximately 10 cm high and 4 cm wide. The device features four circular ports (two at the top, two at the bottom) and a central area with a grid of small holes. A label on the front of the device displays the following information:

- Imprevo Charging Station
- REF: 1000001
- SN: MKNR0129
- INPUT: 12V == 2.5A
- OUTPUT: 15W
- FCC ID: 2A7FY-IMPREVO
- IC: 28659-IMPREVO
- Dental Imaging Technologies Corporation
- 450 Commerce Drive
- Quakertown, PA USA 18951
- Made in China
