

The Leading Brand in DJ Gear and Pro Audio

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

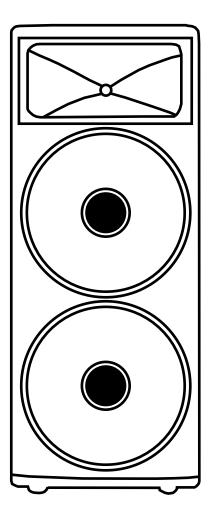

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the

instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- -- Reorient or relocate the receiving antenna.
- -- Increase the separation between the equipment and receiver.
- -- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- -- Consult the dealer or an experienced radio/TV technician for help

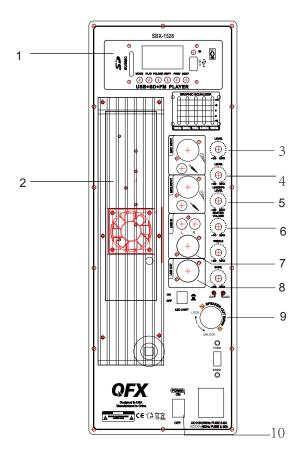

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1)this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Double 15" DJ Professional Plastic Speaker

SBX-1528 Rear Amplifier Panel

Specification:

1.MP3 player2.Heat sink3.MIC 1 input4.MIC 2 input5.Line/MP3 volume6.Master volume7.Line in8.Line out9.It can connect 80hm passive speaker10.Power

Functions:

- 1.Double 15inch one channel active speaker
- 2. Overheated , shortcircuit and distortion protection.
- 3.MP3,BLUETOOTH ,USB ,SD ,FM,Remote control
- 4. Two way Mic socket input
- 5.One line L&R input ,one line output
- 6.EQ adjustment/44mm tweeter/60Oz KSV woofer
- 7.SPK output to connect with the passive speaker
- 8.Power:300W
- 9. With colorful LED light
- 10.Voltage: 115V/60Hz~230V/50Hz

Technical specification: :

- 1.AUX input:-10dB
- 2.MIC input:-40dB
- 3.EQ: ±12dB,100Hz, 330Hz, 1KHz, 3.3KHz, 10KHz
