Gentlemen,

FCC ID: PJ5RAY240

The accompanying Application Form and other Exhibits form a submission for an Original Equipment Authorization for the Raymarine RAY 240 VHF radio. The radio is a fixed station type and is intended for leisure marine and small workboat use.

The RAY 240 comprises three units; a Control/Transceiver Unit, a Handset with Cradle and an Active Speaker.

The RAY 240 has been fully tested to the appropriate parts of CFR 47 Parts 2, 15 and Part 80. The measurement taken demonstrates that the radio to be compliant with the rules and the performance is within the technical ratings specified by Raymarine (manufacturer).

With reference to FCC Form 731, Item 14, please insert the following text at the bottom of the Grant of Equipment Authorization:

Output is conducted at the antenna terminals. The antenna used for this transmitter must be installed to provide a separation distance of at least 1.5 meters from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. Users and installers must be provided with antenna installation instructions and transmitting operating conditions for satisfying RF exposure compliance.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Bird". The signature is stylized with a large, looped "C" and a trailing flourish.

Chris Bird,
Approvals Manager,
Raymarine Limited.
