

FCC Class II Permissive Change Request Letter

DATE : 2021.03.30

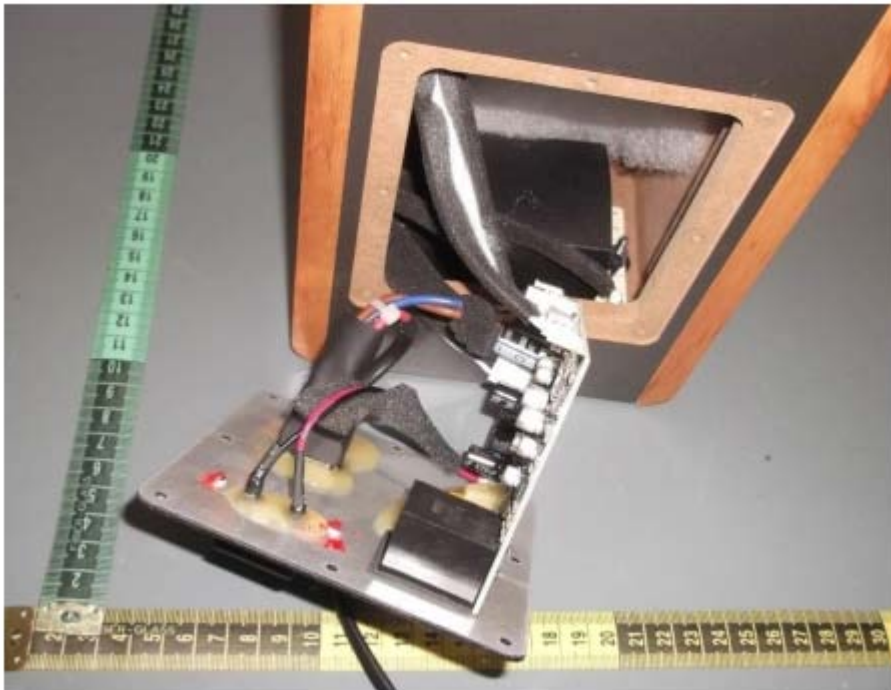

To FCC:

RE: FCC Permissive II Change Request for Company: [Edifier International Limited](#)
FCC ID: [Z9G-EDF124](#)

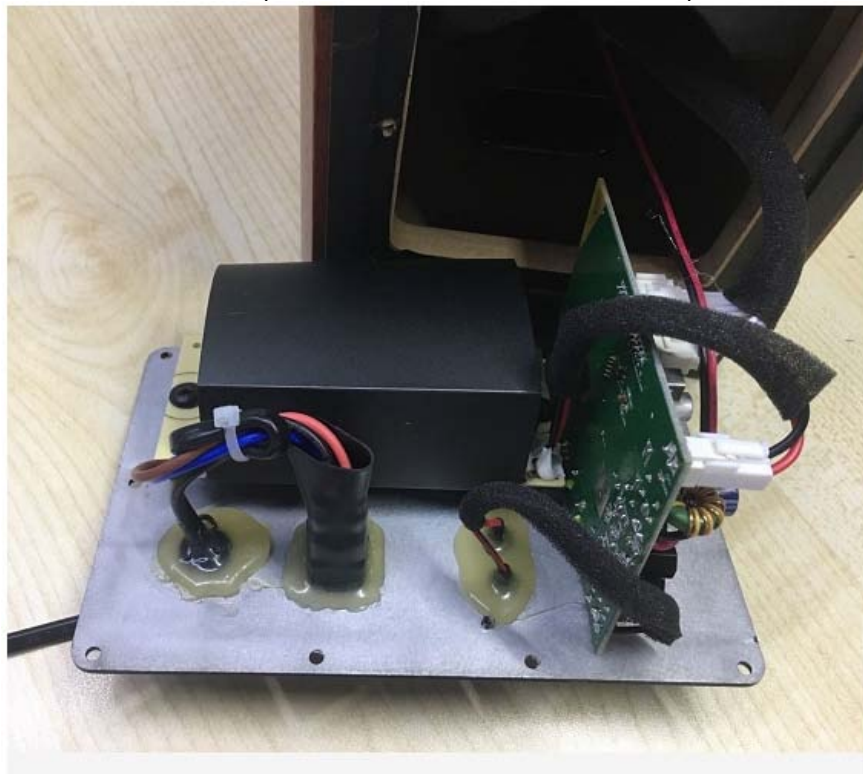

We are submitting an application for a class II permissive change to the FCC approval of the Company name: Edifier International Limited
product description: Active Speaker
(FCC ID: Z9G-EDF124)
Original Grant Date: 01/28/2021).

Add model EDF100035 based on the original project. The circuit and the RF parameters didn't change. The model is EDF100035, which is exactly the same as the circuit board of EDF100016, except that the appearance, the structure size of the wooden case and the installation position of the circuit board is different.

M/N: EDF100016: the power board is installed in the wooden case, and the PCB motherboard is installed vertically.

M/N: EDF100035: the power board is mounted on the rear panel and the PCB motherboard is mounted horizontally
