Solder Board-Component View 4	 A photograph of a small, blue printed circuit board (PCB) component, identified as View 4. The component is rectangular with several surface-mounted components, including resistors and integrated circuits. It is positioned on a blue textured surface next to a black L-shaped ruler. The ruler has white markings in millimeters and centimeters, with the component's dimensions being approximately 15mm by 10mm.
Solder Board-Component View 5	 A photograph of a larger, blue printed circuit board (PCB) component, identified as View 5. This component is more complex, featuring several large electrolytic capacitors (two red, two black), a central integrated circuit, and various other electronic components. It is positioned on a blue textured surface next to a black L-shaped ruler. The ruler has white markings in millimeters and centimeters, with the component's dimensions being approximately 40mm by 25mm.
