Gebrauchsanweisungen

Für detaillierte Anweisungen und weitere Produktfunktionen scannen Sie bitte den QR-Code unten.

Erstmalige Verbindung:

Der Controller muss an das Ladekabel angeschlossen sein und kann nur nach Aktivierung des Ladevorgangs eingeschaltet und verwendet werden.

Kabelanschluss:

Schließen Sie den Controller über das Kabel an, und der Controller schaltet sich automatisch ein und verbindet sich.

Empfängeranschluss:

Schalten Sie den Umschalter in die Empfängerposition, drücken Sie die Home-Taste zum Einschalten und wechseln Sie in den Pairing-Modus. Der Empfänger wird automatisch erfolgreich gekoppelt.

Bluetooth Verbindung:

Schalten Sie den Schalter in die Bluetooth-Position und drücken Sie dann die Home-Taste, um ihn einzuschalten. Als nächstes suchen Sie im Gerät nach dem Produktnamen, klicken Sie auf Xbox Wireless Controller, um eine Verbindung herzustellen.

NS-Anschluss:

Schalten Sie den Schalter in die NS-Position, wählen Sie "Controller" "Griff/Reihenfolge ändern" in den NS-Einstellungen und warten Sie auf die automatische Verbindung.

バッテリー容量: 800mAh
充電時間: 2.5時間程度
バッテリー寿命: 8時間くらい

製品の概要

使用方法

詳細と製品機能の詳細については、次のQRコードをスキャンしてください

最初の接続:

コントローラは充電ケーブルに接続する必要があり、充電がアクティブになってからのみ電源を入れて使用できます。

有線接続:

コントローラをケーブルで接続すると、コントローラが自動的に電源を入れて接続されます。

受信機接続:

スイッチを受信機の位置に切り替え、ホームボタンを押して電源を入れてペアリングモードにします。受信機は自動的にペアリングに成功します。

Bluetooth接続:

スイッチをBluetoothの場所に切り替え、ホームボタンを押して電源を入れます。次に、デバイスで製品名を検索し、Xbox Wireless Controllerをクリックして接続します。

NS接続:

スイッチをNS位置に切り替え、NS設定で[コントローラ](Controller)[グリップ/シーケンスを変更](Change Grip/Sequence)を選択し、自動接続を待ちます。

Model: NP05

FCC ID: 2A88F-NP05

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC warning:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

The symbol means the product should not be disposed of with household waste but be brought to an appropriate collection point to enable recycling. According to local regulations, do not dispose of the product or rechargeable battery with normal household waste.

Appropriate disposal of used products and rechargeable batteries helps to prevent negative impacts on the environment and human health.

PRECAUTIONS

Do not expose it to liquid

Do not disassemble it

Avoid dropping it

Avoid extremely high or low temperature
