

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Radiation Emission Test Setup (Below 30MHz)	 A photograph of a radiation emission test setup for frequencies below 30 MHz. The setup is located inside an anechoic chamber with walls covered in white, square-shaped absorbers. A yellow test chamber sits on a circular turntable, which is supported by a black metal frame. The floor is marked with yellow and black diagonal stripes.
Radiation Emission Test Setup (30MHz to 1GHz)	 A photograph of a radiation emission test setup for frequencies from 30 MHz to 1 GHz. The setup is inside an anechoic chamber with white absorber walls. A yellow test chamber is on a turntable. In the foreground, several vertical metal rods are visible, likely part of a probe or antenna array. The floor has yellow and black diagonal stripes.

**Radiation Emission Test
Setup (1GHz to 18GHz)**
