FCC STATEMENT:

Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.
(3) Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Note:This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try the interference by one or more of the following measures:
to correct
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

This device complies with RSS247 of Industry Canada. Cetappareil se conforme à RSS247 de Canada d'Industrie. This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. appareils radio exempts de licence. Son fonctionne-
mentest sujet aux deux conditions suivantes: (1) le dispositif ne doit pas produire de brouillage-
préjudiciable, et (2) cedispositif doit accepter tout brouillagerecu, y compris un brouillage
susceptible de provoquer un fonctionnementindésirable.

Radiation Exposure Statement: The product comply with the Canada portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual.

The further RF exposure reduction can be achieved if the product can be kept as far as possi-
ble from the user body or set the device to lower output power if such function is available.
Déclaration d'exposition aux radiations : Le produit est conforme aux limites d'exposition pour les
appareils portables RF pour les Etats-Unis et le Canada établies pour un environnement non
contrôlé.

Le produit est sûr pour un fonctionnement tel que décrit dans ce manuel. La réduction aux exposi-
tions RF peut être augmentée si l'appareil peut être conservé aussi loin que possible du corps de
l'utilisateur ou que le dispositif est réglé sur la puissance de sortie la plus faible si une telle fonction-
est disponible.

This Class B digital apparatus complies with Canadian ICES-003.
Cet appareil numérique de la classe B est conforme a la norme NMB-003 du Canada.
