*T4*

• Use to navigate through the Function menu and through your messages
• Use to navigate through time, alarm, and, date setting functions

• Use to enter the Function menu mode
• Use to turn the Backlight off
• Use to exit to current Function mode

• Use to turn the pager on and off
• Use to read the received message
• Use to activate your selection
• Use to adjust the time, alarm, and date setting Functions

## Installing/Replacing the Battery
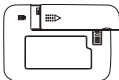

Turn your pager off, hold the pager face down, slide the battery door lock away from the door and open the battery compartment by pressing down with your thumb on the battery door and sliding the battery door in the direction indicated by the arrow on the battery door.
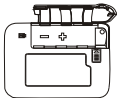

• Lift up the battery door to access the battery.
• Remove the old battery by pulling it towards the end of pager.
• Insert a new AA type battery so the orientation matches the polarity shown in the battery compartment.

If a new battery is inserted within the 30 seconds of removing the old battery, messages will be retained

## Turning the Backlight ON/OFF

The backlight allows viewing of messages in low light conditions.

- To turn the backlight on, press and hold ⬛ for 2 seconds
- The backlight will automatically turn off after 10 seconds of no buttons being pressed
- To immediately turn the backlight off, press and hold ⬛ for 2 seconds
- If the button is pressed in the dark, the backlight is automatically turned on

## Turning the Pager On

SUN TELECOM
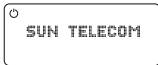

PowerUp Screen

Press the Read button for two (2) seconds to turn the pager on. A start-up screen is momentarily displayed and the pager alerts the currently selected alert-mode (Vibe, Audio, Silent).

## Turning the Pager Off

Off Screen

4:48A  1/01/05
PAGER OFF MODE
Time/Date display in Pager Off mode

• Press the ⬛ button to display the Function menu
• Press the ◀ or ▶ button to move the cursor on
  Turn Pager OFF icon
• Press the ◀ button
  **"TURN PAGER OFF?"** is displayed
• Press the ◀ button again to turn the pager off
  The pager is now off and the screen should be blank.

Note: If you choose the function key ( ⬛ ) while the pager
      is off, the pager will display Pager Off Mode and the
      time and date. The display disappears after 25 seconds
      or after you press any of the pager keys.

## Main Screen

```

  ▼⊠03 ⊠01 ☑
        [ Inbox ]
```
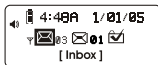

Main Screen

Pressing any of the buttons on the Standby Screen will provide access to the Main Screen.
The Main Screen shows both the current status of message folders (Inbox/Info/Saved) and the time and date.
The Main Screen also displays any activated pager settings on the left hand side.
The numbers to the right of the inbox and info icons indicate the number of unread messages.

When the Main Screen is initially displayed, the Inbox Folder icon is the first icon followed by the Info and Saved icons.
The Inbox Folder is also highlighted. Choosing either arrow button will highlight the other icons.

• Press ◄ or ► to move the cursor between Main Screen Folders
• Press ◄ to enter the selected Folder

# OPERATION

## Function Menu Screen

The Function Menu provides access to the many features incorporated in the T4.

Function Menu Screen

As you navigate through the Function menu, the Function icon will be highlighted to indicate the current location of the cursor.

• Press ◄ or ► to navigate through the Function menu
• Press ◄ to enter the current function
• Press ◄ to exit the Function menu

**Note:** Depending on the pager and whether it has messages, some icons may not display on the pager.

## Inbox Folder Screen

Inbox Folder Screen

The Inbox Folder Screen shows information about your Inbox messages.
 - Status: Unread, read or locked
 - Timestamp: Month/Day
 - Preview: First and second line of message

**Note:** The status of an unread message will not change by previewing the message. You must select the Read button ( ) to open and view the message. Only after the message has been opened will it be marked as "read" on your pager.
## Info Folder Screen

Info Folder Screen

The Info Folder Screen shows information about your Info messages.
 - Status: Unread or read
 - Timestamp: Month/Day
 - Preview: First and second line of message

## Saved Folder Screen

Saved Folder Screen

The Saved Folder Screen shows information about your Info messages.
 - Timestamp: Month/Day
 - Preview: First and second line of message

## Reading Messages in each Folder

• Press ◄ or ► to move the cursor to the message you want to read
• Press ◄ button to read the message

## Reading Previous or Next Message

• When reading a message, Press ◄ or ► button to read the Previous or Next message

**Note:** If the reminder alert is enabled, the pager will give a periodic alert until all unread messages are read. A flashing ✉ symbol on the Stand by screen indicates that there are unread messages on your pager.
