

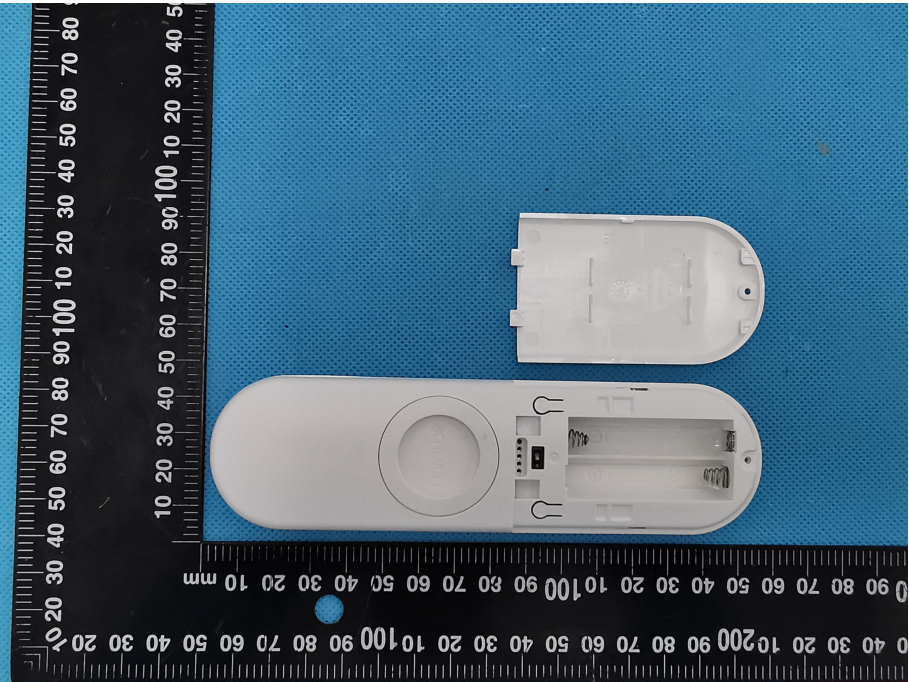

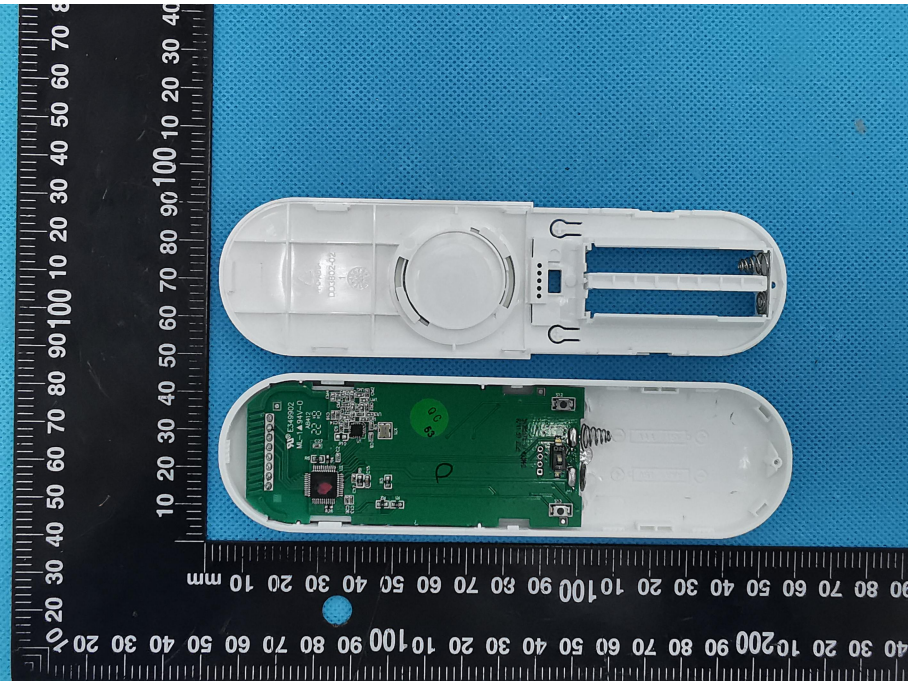

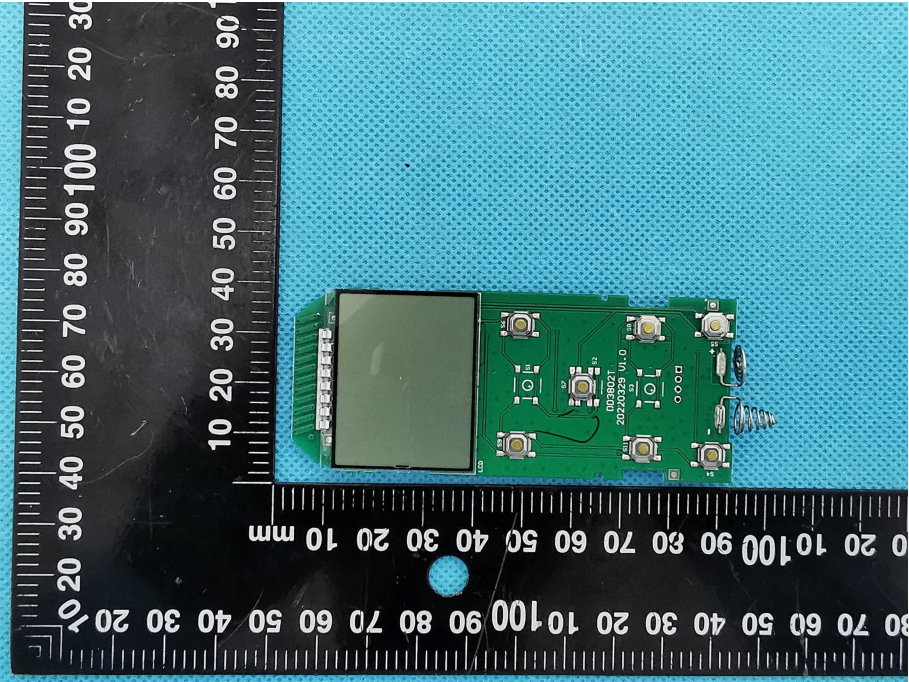

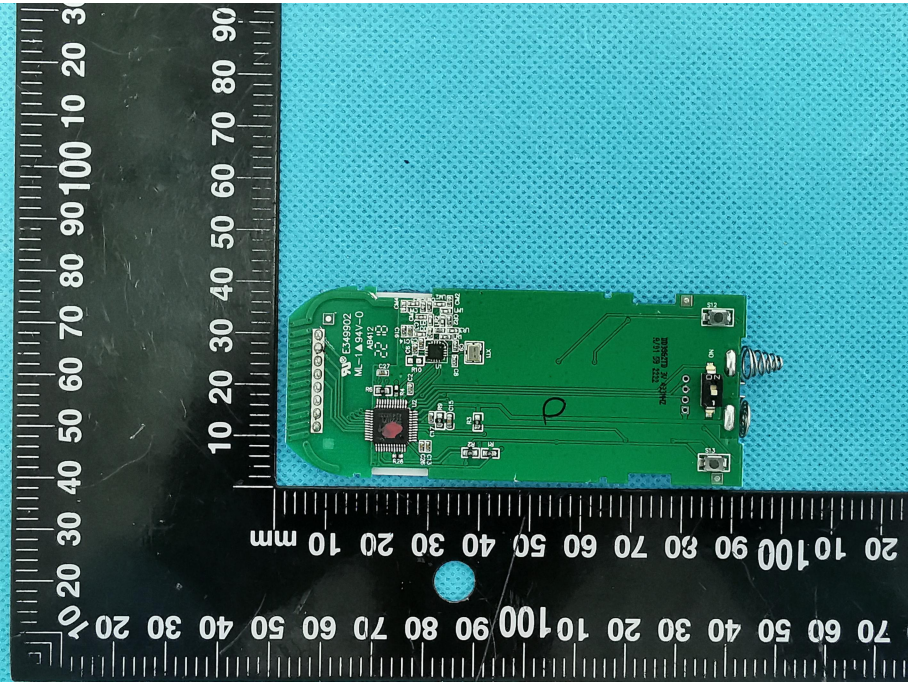

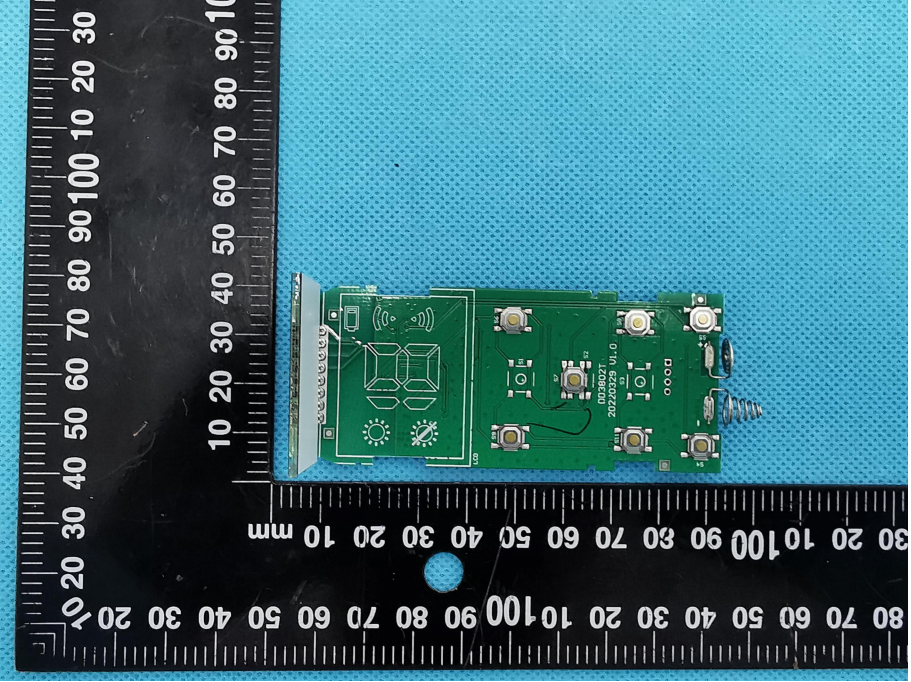

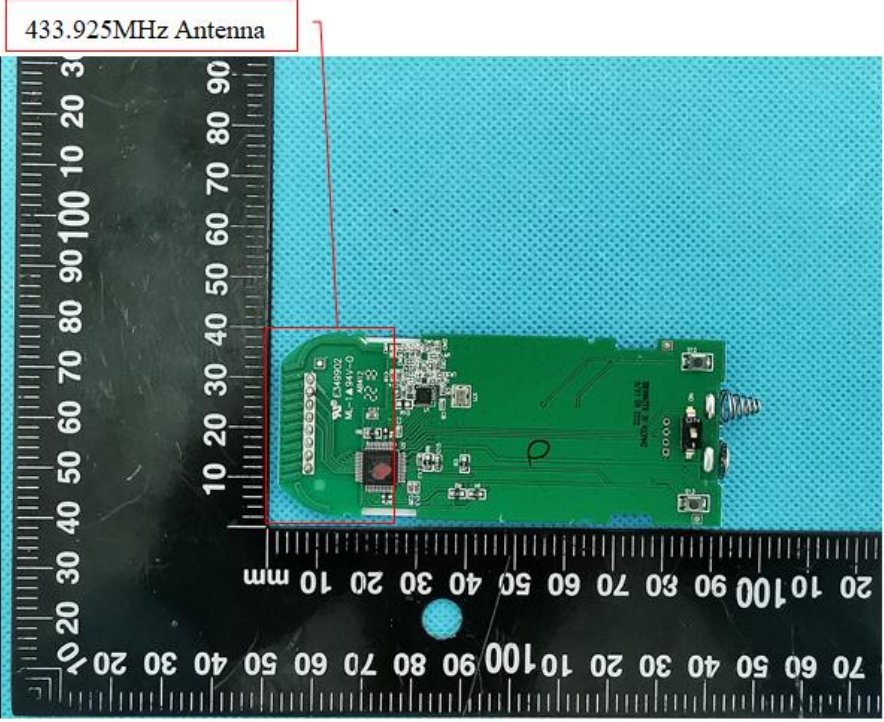

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	
EUT Housing and Board View 2	

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is rectangular and features a large, dark, rectangular area on the left side, likely a display or sensor. It is populated with various electronic components, including several small surface-mount components and a larger component on the right. The component is placed on a blue textured surface. A black ruler with white markings is positioned horizontally below the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 2	 A photograph of the same green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. This view shows the reverse side of the component, revealing the underside of the components and the solder joints. The component is placed on a blue textured surface. A black ruler with white markings is positioned horizontally below the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) with various electronic components soldered onto it. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm. The PCB features several integrated circuits, resistors, and a small antenna at the bottom right. The text 'Solder Board-Component View' and the number '3' are printed on the left side of the image.
Antenna View	 A photograph of the same green PCB, focusing on the antenna component. A red rectangular box highlights the antenna area, and a red line points from the text '433.925MHz Antenna' to it. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm. The text 'Antenna View' is printed on the left side of the image.
