Subject: Use of UE910-NAR documentation and FCC reports

Dear Sir or Madam:

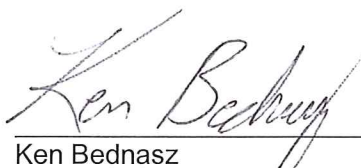

Telit authorizes integrator/customer Digital Security Controls (DSC) to use the UE910-NAR construction documentation (schematics, BOM, Block diagrams, etc.) and the FCC reports for FCC certification of their 3G9080 Cellular Alarm Communicators.

DSC may use MPE, part 15, 22, 24 test reports along with all necessary documentation pertinent to Telit radio module UE910-NAR and is authorized to use the company name "Telit", product name "UE910-NAR" solely for the certification process of DSC model 3G9080 which has the Telit UE910-NAR embedded.

The Test Reports supplied by Telit to the FCC for our submission for grant are still representative of UE910-NAR manufactured today.

If you have any questions or concerns feel free to contact me.

Sincerely,

Ken Bednasz
Vice President of Application Engineering
Telit Communications S.p.A
