

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and Board
View 1**

**EUT Housing and Board
View 2**

Solder Board-Component View 1	 A photograph showing a small electronic component, a G28U8FTTL module, mounted on a blue textured surface. The module is rectangular with a white label that includes a QR code and the text "STAR RIVER", "G28U8FTTL", and "S/N:1911U0000524". It has a gold-colored connector on one side. A black ruler is placed horizontally below the component, showing measurements in centimeters and millimeters. The component is positioned between the 2 cm and 3 cm marks on the ruler.
Solder Board-Component View 2	 A photograph showing a small electronic component, an SR01 module, mounted on a blue textured surface. The component is square-shaped with a white label that has "SR01" printed on it. A black ruler is placed horizontally below the component, showing measurements in centimeters and millimeters. The component is positioned between the 2 cm and 3 cm marks on the ruler.

Solder Board-Component View 3	 A photograph of a small blue printed circuit board (PCB) component. The board is rectangular and populated with various electronic components, including a large integrated circuit (IC) in the center, several resistors, and a small circular component. The board is placed on a blue textured surface. Two metal rulers are used for scale: one vertical ruler on the left showing centimeters (1 to 5) and millimeters (0.5 mm), and one horizontal ruler at the bottom showing millimeters (1 to 10).
Solder Board-Component View 4	 A photograph of a larger black printed circuit board (PCB) component. The board is rectangular and populated with various electronic components, including a large integrated circuit (IC) in the center, several resistors, and a small circular component. The board is placed on a blue textured surface. Two metal rulers are used for scale: one vertical ruler on the left showing centimeters (1 to 14) and millimeters (0.5 mm), and one horizontal ruler at the bottom showing millimeters (1 to 21).
