**FCC**  
Federal Communications  
Commission (FCC) Statement  
15.21  
You are cautioned that changes  
or modifications not expressly  
approved by the party responsible  
for compliance could void the  
user's authority to operate the  
equipment.  
15.19(F)(1)  
This equipment has been tested  
and found to comply with the limits  
for a Class B digital device, pursuant  
to part 15 of the FCC rules. These  
limits are designed to provide  
reasonable protection against  
harmful interference in a residential  
installation. This equipment  
operates, uses and can radiate  
radio frequency energy and, if not  
installed and used in accordance  
with the instructions, may cause  
harmful interference to radio  
communications. However, there  
is no guarantee that interference  
will not occur in a particular  
installation. If this equipment does  
cause harmful interference to radio  
or television reception, which can  
be determined by turning the  
equipment off and on, the user is

encouraged to try to correct the  
interference by one or more of the  
following measures:  
-Reorient or relocate the  
receiving antenna.  
-Increase the separation between  
the equipment and receiver.  
-Connect the equipment into an  
outlet on a circuit different  
from that to which the receiver is  
connected.  
-Consult the dealer or an  
experienced radio/TV technician  
for help.  
**This device complies with Part  
15 of the FCC Rules. Operation  
is subject to the following two  
conditions:**  
(1) This device may not cause  
harmful interference and  
(2) This device must accept any  
interference received, including  
interference that may cause  
undesired operation of the  
device.
