Subject: Explanation on Schematics bearing two BLE modules.

(BLE1: for Remocon, BLE2: for Smart Phone)

Product Description: Smart display

Model No.: MTXH100

FCC ID: BP9-MTXH100

To Whom It May Concern:

Our Schematics of product bears two BLE module itself, therefore it is natural that the schematics bear two BLE modules. For this MTXH100 model, as we adopted BLE 2 module (for Smart Phone) only, in result, when manufacturing, we do not insert BLE 1 module (for Remocon).

Sincerely yours,

---
