Dear Steve:

Transmitted herewith, on behalf of **AirPrime, Inc.** is an amendment provided in response to the request for technical information dated, March 17, 2003.

1. Please find attached the revised page 27 of the user's manual, which states, "AirPrime, Inc. guidelines stipulate that the antenna should be more than 1.5 cm (0.60") from by-standers and 1.0 cm (0.39") from the user".
2. Please find attached the revised page 29 of the user's manual with the correct transmitter power.
3. Please find attached the revised SAR data summary pages with the correct conducted power measurements of 23.5 dBm, which agrees with the SAR plots already submitted.

If you have any further questions, please do not hesitate to contact us.

Randy Ortanez
President
