

1

Hisense
2.1 channel Soundbar with Built in subwoofer
AC 100-240V ~ 50/60Hz, 30W
USB: 5V \pm 500mA
FCC ID: Z8M-HS202D1
Made in China

Model No. : HS202D1

DO NOT DISCARD IN THE WASTE

Bluetooth

CONFORMS TO (CONFORME A)
UL STD. 60065
US CERTIFIED TO
CERTIFIED A
C
Intertek
4002951
Serial No. :
Manufactured date :
CMA STD. C22.2 NO. 30005

DOLBY DIGITAL

This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired
operation.

2

- If there is no sound output in Optical and Coaxial mode, ensure the audio setting of the input source (e.g. TV, games console, DVD player, etc) is set to PCM or Dolby Digital Signal with Optical and Coaxial output.
- The eco-friendly technology will switch this device to Standby mode automatically when the input device volume is too low or muted for 15 minutes. The device can be reactivated by pressing Standby button and turning up the input device volume. Except for Optical and Coaxial mode, the eco-friendly control will switch the device to standby mode automatically when there is no input signal for 15 minutes.
- The EQ has been set to fit most occasion. However, you may press the EQ button on the remote control to adjust the EQ setting for optimal sound output effect for different video programs.

CHANGE LIST			
Change Number Brief Change	Change Detail		
	Revision	Revision Description	Revision Author
000001	000001	Initial Release	John
000002	000002	Added new feature for user authentication, added new database schema, added new API endpoints	John
000003	000003	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000004	000004	Added new feature for user authentication, added new database schema, added new API endpoints	John
000005	000005	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000006	000006	Added new feature for user authentication, added new database schema, added new API endpoints	John
000007	000007	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000008	000008	Added new feature for user authentication, added new database schema, added new API endpoints	John
000009	000009	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000010	000010	Added new feature for user authentication, added new database schema, added new API endpoints	John
000011	000011	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000012	000012	Added new feature for user authentication, added new database schema, added new API endpoints	John
000013	000013	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000014	000014	Added new feature for user authentication, added new database schema, added new API endpoints	John
000015	000015	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000016	000016	Added new feature for user authentication, added new database schema, added new API endpoints	John
000017	000017	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000018	000018	Added new feature for user authentication, added new database schema, added new API endpoints	John
000019	000019	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000020	000020	Added new feature for user authentication, added new database schema, added new API endpoints	John
000021	000021	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000022	000022	Added new feature for user authentication, added new database schema, added new API endpoints	John
000023	000023	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000024	000024	Added new feature for user authentication, added new database schema, added new API endpoints	John
000025	000025	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000026	000026	Added new feature for user authentication, added new database schema, added new API endpoints	John
000027	000027	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000028	000028	Added new feature for user authentication, added new database schema, added new API endpoints	John
000029	000029	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000030	000030	Added new feature for user authentication, added new database schema, added new API endpoints	John
000031	000031	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000032	000032	Added new feature for user authentication, added new database schema, added new API endpoints	John
000033	000033	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000034	000034	Added new feature for user authentication, added new database schema, added new API endpoints	John
000035	000035	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000036	000036	Added new feature for user authentication, added new database schema, added new API endpoints	John
000037	000037	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000038	000038	Added new feature for user authentication, added new database schema, added new API endpoints	John
000039	000039	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000040	000040	Added new feature for user authentication, added new database schema, added new API endpoints	John
000041	000041	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000042	000042	Added new feature for user authentication, added new database schema, added new API endpoints	John
000043	000043	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000044	000044	Added new feature for user authentication, added new database schema, added new API endpoints	John
000045	000045	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000046	000046	Added new feature for user authentication, added new database schema, added new API endpoints	John
000047	000047	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000048	000048	Added new feature for user authentication, added new database schema, added new API endpoints	John
000049	000049	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000050	000050	Added new feature for user authentication, added new database schema, added new API endpoints	John
000051	000051	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000052	000052	Added new feature for user authentication, added new database schema, added new API endpoints	John
000053	000053	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000054	000054	Added new feature for user authentication, added new database schema, added new API endpoints	John
000055	000055	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000056	000056	Added new feature for user authentication, added new database schema, added new API endpoints	John
000057	000057	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000058	000058	Added new feature for user authentication, added new database schema, added new API endpoints	John
000059	000059	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000060	000060	Added new feature for user authentication, added new database schema, added new API endpoints	John
000061	000061	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000062	000062	Added new feature for user authentication, added new database schema, added new API endpoints	John
000063	000063	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000064	000064	Added new feature for user authentication, added new database schema, added new API endpoints	John
000065	000065	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000066	000066	Added new feature for user authentication, added new database schema, added new API endpoints	John
000067	000067	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000068	000068	Added new feature for user authentication, added new database schema, added new API endpoints	John
000069	000069	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000070	000070	Added new feature for user authentication, added new database schema, added new API endpoints	John
000071	000071	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000072	000072	Added new feature for user authentication, added new database schema, added new API endpoints	John
000073	000073	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000074	000074	Added new feature for user authentication, added new database schema, added new API endpoints	John
000075	000075	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000076	000076	Added new feature for user authentication, added new database schema, added new API endpoints	John
000077	000077	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000078	000078	Added new feature for user authentication, added new database schema, added new API endpoints	John
000079	000079	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000080	000080	Added new feature for user authentication, added new database schema, added new API endpoints	John
000081	000081	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000082	000082	Added new feature for user authentication, added new database schema, added new API endpoints	John
000083	000083	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000084	000084	Added new feature for user authentication, added new database schema, added new API endpoints	John
000085	000085	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000086	000086	Added new feature for user authentication, added new database schema, added new API endpoints	John
000087	000087	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000088	000088	Added new feature for user authentication, added new database schema, added new API endpoints	John
000089	000089	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000090	000090	Added new feature for user authentication, added new database schema, added new API endpoints	John
000091	000091	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000092	000092	Added new feature for user authentication, added new database schema, added new API endpoints	John
000093	000093	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000094	000094	Added new feature for user authentication, added new database schema, added new API endpoints	John
000095	000095	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000096	000096	Added new feature for user authentication, added new database schema, added new API endpoints	John
000097	000097	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000098	000098	Added new feature for user authentication, added new database schema, added new API endpoints	John
000099	000099	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000100	000100	Added new feature for user authentication, added new database schema, added new API endpoints	John
000101	000101	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000102	000102	Added new feature for user authentication, added new database schema, added new API endpoints	John
000103	000103	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000104	000104	Added new feature for user authentication, added new database schema, added new API endpoints	John
000105	000105	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000106	000106	Added new feature for user authentication, added new database schema, added new API endpoints	John
000107	000107	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000108	000108	Added new feature for user authentication, added new database schema, added new API endpoints	John
000109	000109	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000110	000110	Added new feature for user authentication, added new database schema, added new API endpoints	John
000111	000111	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000112	000112	Added new feature for user authentication, added new database schema, added new API endpoints	John
000113	000113	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000114	000114	Added new feature for user authentication, added new database schema, added new API endpoints	John
000115	000115	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000116	000116	Added new feature for user authentication, added new database schema, added new API endpoints	John
000117	000117	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000118	000118	Added new feature for user authentication, added new database schema, added new API endpoints	John
000119	000119	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000120	000120	Added new feature for user authentication, added new database schema, added new API endpoints	John
000121	000121	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000122	000122	Added new feature for user authentication, added new database schema, added new API endpoints	John
000123	000123	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000124	000124	Added new feature for user authentication, added new database schema, added new API endpoints	John
000125	000125	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000126	000126	Added new feature for user authentication, added new database schema, added new API endpoints	John
000127	000127	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000128	000128	Added new feature for user authentication, added new database schema, added new API endpoints	John
000129	000129	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000130	000130	Added new feature for user authentication, added new database schema, added new API endpoints	John
000131	000131	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000132	000132	Added new feature for user authentication, added new database schema, added new API endpoints	John
000133	000133	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000134	000134	Added new feature for user authentication, added new database schema, added new API endpoints	John
000135	000135	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000136	000136	Added new feature for user authentication, added new database schema, added new API endpoints	John
000137	000137	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000138	000138	Added new feature for user authentication, added new database schema, added new API endpoints	John

000146	000146	Added new feature for user authentication, added new database schema, added new API endpoints	John
000147	000147	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000148	000148	Added new feature for user authentication, added new database schema, added new API endpoints	John
000149	000149	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000150	000150	Added new feature for user authentication, added new database schema, added new API endpoints	John
000151	000151	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000152	000152	Added new feature for user authentication, added new database schema, added new API endpoints	John
000153	000153	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000154	000154	Added new feature for user authentication, added new database schema, added new API endpoints	John
000155	000155	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000156	000156	Added new feature for user authentication, added new database schema, added new API endpoints	John
000157	000157	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000158	000158	Added new feature for user authentication, added new database schema, added new API endpoints	John
000159	000159	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000160	000160	Added new feature for user authentication, added new database schema, added new API endpoints	John
000161	000161	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000162	000162	Added new feature for user authentication, added new database schema, added new API endpoints	John
000163	000163	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000164	000164	Added new feature for user authentication, added new database schema, added new API endpoints	John
000165	000165	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000166	000166	Added new feature for user authentication, added new database schema, added new API endpoints	John
000167	000167	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000168	000168	Added new feature for user authentication, added new database schema, added new API endpoints	John
000169	000169	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000170	000170	Added new feature for user authentication, added new database schema, added new API endpoints	John
000171	000171	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000172	000172	Added new feature for user authentication, added new database schema, added new API endpoints	John
000173	000173	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000174	000174	Added new feature for user authentication, added new database schema, added new API endpoints	John
000175	000175	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000176	000176	Added new feature for user authentication, added new database schema, added new API endpoints	John
000177	000177	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000178	000178	Added new feature for user authentication, added new database schema, added new API endpoints	John
000179	000179	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000180	000180	Added new feature for user authentication, added new database schema, added new API endpoints	John
000181	000181	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000182	000182	Added new feature for user authentication, added new database schema, added new API endpoints	John
000183	000183	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000184	000184	Added new feature for user authentication, added new database schema, added new API endpoints	John
000185	000185	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000186	000186	Added new feature for user authentication, added new database schema, added new API endpoints	John
000187	000187	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000188	000188	Added new feature for user authentication, added new database schema, added new API endpoints	John
000189	000189	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000190	000190	Added new feature for user authentication, added new database schema, added new API endpoints	John
000191	000191	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000192	000192	Added new feature for user authentication, added new database schema, added new API endpoints	John
000193	000193	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000194	000194	Added new feature for user authentication, added new database schema, added new API endpoints	John
000195	000195	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000196	000196	Added new feature for user authentication, added new database schema, added new API endpoints	John
000197	000197	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000198	000198	Added new feature for user authentication, added new database schema, added new API endpoints	John
000199	000199	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000200	000200	Added new feature for user authentication, added new database schema, added new API endpoints	John
000201	000201	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000202	000202	Added new feature for user authentication, added new database schema, added new API endpoints	John
000203	000203	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000204	000204	Added new feature for user authentication, added new database schema, added new API endpoints	John
000205	000205	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000206	000206	Added new feature for user authentication, added new database schema, added new API endpoints	John
000207	000207	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000208	000208	Added new feature for user authentication, added new database schema, added new API endpoints	John
000209	000209	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000210	000210	Added new feature for user authentication, added new database schema, added new API endpoints	John
000211	000211	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000212	000212	Added new feature for user authentication, added new database schema, added new API endpoints	John
000213	000213	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000214	000214	Added new feature for user authentication, added new database schema, added new API endpoints	John
000215	000215	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000216	000216	Added new feature for user authentication, added new database schema, added new API endpoints	John
000217	000217	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000218	000218	Added new feature for user authentication, added new database schema, added new API endpoints	John
000219	000219	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000220	000220	Added new feature for user authentication, added new database schema, added new API endpoints	John
000221	000221	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000222	000222	Added new feature for user authentication, added new database schema, added new API endpoints	John
000223	000223	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000224	000224	Added new feature for user authentication, added new database schema, added new API endpoints	John
000225	000225	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000226	000226	Added new feature for user authentication, added new database schema, added new API endpoints	John
000227	000227	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000228	000228	Added new feature for user authentication, added new database schema, added new API endpoints	John
000229	000229	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000230	000230	Added new feature for user authentication, added new database schema, added new API endpoints	John
000231	000231	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000232	000232	Added new feature for user authentication, added new database schema, added new API endpoints	John
000233	000233	Fixed bug in user authentication, added new database schema, added new API endpoints	John
000234	000234	Added new feature for user authentication, added new database schema, added new API endpoints	John
000235	000235	Fixed bug in user authentication, added new database schema, added new API endpoints
