Federal Communications Commission

Re: FCC Part 15 Certification for Enterasys Networks (FCC ID: QXO-RBTBF)

We are submitting an application for Enterasys Networks UNII band Wireless Network Card model 802.11A Super Rate Wireless LAN PC Card. Please note that we are simultaneously requesting the following services:

Certification  
Request for Confidentiality

Enterasys is requesting that the Block Diagram, Schematics and Circuit Description be kept confidential in the FCC application because of the proprietary design developed by Enterasys that is unique to the industry.

Please feel free to contact me with any questions.

Best regards,

Michael Buchholz  
Senior EMC Manager
